## **Katie says**

These are great listens for the car. My boys would call out their thoughts occasionally about the mystery, trying to solve it.

---

## **Stacie says**

The kids are actually called upon to solve an upfront mystery but wait... is that a side mystery lurking the corner? Read to find out!

## **Tina Harden says**

The Boxcar Children titles encouraged me to read and, as an adult, I still enjoy reading them. This particular title has a perfect ingredient list:

Memory Recall  
Awareness of Surroundings  
Respect for Elders  
Doing Good Deeds  
Logic and Reasoning  
Map Reading  
Use of Reading and Writing Skills  
Use of a Public Library (even without your card)  
Table Manners and Proper Etiquette  
Process of Elimination/Deductive Reasoning  
Food Preparation  
Journal Entry/Writing

All the titles stand to teach children a lesson. Of the titles I've read this one stands out most for learning the

most valuable lesson-being a GOOD person.

One of my favorite childhood series. I read over a hundred of them. The first 50 or so were in order; after that I read whatever book I could get my hands on :)

My sister bought this one for me when we were both little and it is a favorite. I always loved the ones that included riddles, even though I am terrible at solving them.
