**The Savage Valley: A Logan Family Western - Book 2 (Logan Family Western Series)** Donald L. Robertson

**“You men got a choice. Pull leather and die, or drop your guns. Makes no never mind to me.”**

Callum Logan is a man of quick decision and execution. His fast gun has saved him on more than one occasion. Though hardened by the horrors of the Civil War, he gives each man a chance, unless they prove it's undeserved.

Now, on his way to begin a new life in the Colorado West, he's eager to put the killing behind him. But while rescuing a family from despicable outlaws, he is forced to kill the leader of the small band, putting himself in direct conflict with the outlaw's brother, Elwood Wister, whose gang has become the scourge of Southwest Colorado.

Can Callum's quick thinking and determination help him survive his greatest challenge yet? Is he ready for another battle? Will Wister succeed in executing his brutal plan to take revenge?

Accompany Callum Logan as he embarks on the journey to build a new life, for himself and his family. Experience the savagery and danger that may lurk around every bend, in the shadows of the majestic Sangre de Cristos.

## **From Reader Review The Savage Valley: A Logan Family Western - Book 2 (Logan Family Western Series) for online ebook**

**David Moore says**

### **Awesome**

Enjoyed the book very much so. This series is two books and I found myself trapped in the time that these folks lived.

---

**Mikel Rhodes says**

### **It took a special breed of people to open up the west.**

The characters are well established and believable and the weapons mention are authentic to the time period which means the author did his research. I highly recommend this book and the other book in the series.

---

**Elizabeth West says**

### **Savage Valley**

Great book! Full of drama and gunfights with a little romance thrown in. Loved the characters and the story line.

---

**Charles Castell says**

**This series is just like good whiskey, hard to beat. I am definitely impressed with this outstanding western masterpiece, especially Callum's exciting display of his gunfighting abilities. Very entertaining representation of old American people at their very best!**

Definitely another five star masterpiece by an outstanding author, and each story in this series is better than the previous one. I am definitely looking forward to how Cullman and the Pickering crew will settle their differences in book three. The storylines and the characters definitely portrays what every reader looks for in their quest for exciting western adventures!

If you want exciting gunplay, this is chance to be completely satisfied! It should go without saying that I, without hesitation, recommend this series outstanding western series to all readers, regardless of your reading preference! To not read these book will be you loss!

---

**Lowell Ross says**

a great read, starting to read book 3

---

**troie roy says****Mr. Robertson**

The Logan Family series was exciting and relaxing reading. Clean and easy reading. Look forward to more of your work. Thank you

---

**Bob Reisig says**

If you are a fan of Louis L'Amour's Sacketts series, you must start reading this in anticipation of Robertson fleshing out these characters in further stories. This is typical western fare except the protagonist doesn't get the girl this time.

If Robertson doesn't write more stories, then the introduction of some of these characters will make little sense except to muddy the field. Also, this story revolves around the Colorado territory but does not depend on any gold rush to bring the characters to the beautiful valleys of the Colorado Rockies.

---

**Frances Chrisman says****A very good book**

This is a very good book. It is full of excitement, family and loyalty. It was a clean read with no sex or bad language. I will get read more from this author.

---

**D. E. says****A Colorado Western/Indians/Outlaws/A Mexican Don/Gold/Murder/Gunfights**

DLR has penned the 2nd in the Logan family series. Call and party arrive in the land their Uncle purchased only to be ambushed by Outlaws who were after gold. After Callum recovers they build the ranch to have the place ready for his brother and family coming from Texas. There are gunfights, stolen gold, banks robbed and chased across the Rocky Mountains. He his is an excellent read for the genre.....DEHS

---

**Lary says****Good story**

Book two of the series was just as good as book one can't wait for a third book on the Logan family

---

**Paula Robertson says**

Great sequel to Logan's Word.

---

**Sandra Whittiker says****The Savage Valley: A Logan Family Western - Book 2**

This was Callum's story in the Logan Family series. It was good to meet the uncle who had bought the land in Colorado. The times were dangerous and there were always men who would take advantage the newly acquired people called 'tenderfoots' that flooded the western edges of society where there was no law. Good read. BRAVO ? ? BRAVO!

---

**Cathy Delamotte says****Western life in the real.**

Reading this book is like being in the West of old. The author !makes this story ring true Read first book before this one.
