Toda para él (Amantes perversos Shayla Black

El agente de la Agencia de Seguridad Nacional Joaquin Muñoz ha emprendido una carrera contra el tiempo para encontrar a una niña que desapareció hace veinte años. Al comprobar que Bailey Benson se ajusta al perfil, Joaquin la secuestra y la retiene en las seguras estancias del club de BDSM Dominion, antes de que los perseguidores de Bailey puedan acabar con ella.

Bailey vive solo para el ballet, su mundo se reduce a ensayos y pruebas, y tiene poco contacto con el mundo. Cuando despierta atada a una cama en un lugar desconocido, su pequeño universo se tambalea. A pesar de estar muerta de miedo, Bailey se siente aturdida cuando su captor le exige información sobre su pasado. ¿Podría ser verdad que las terribles pesadillas que sufre sean en realidad recuerdos lejanos que ponen en peligro todo lo que le es querido?

Confinada con Joaquin en aquel lugar donde los gemidos que se escuchan hablan de pasión, él le demuestra que lo mismo puede ser un feroz protector que un maestro de la sensualidad, y cuando Joaquin logra por fin traspasar las barreras de su mente y su corazón, Bailey descubre que rendirse a él podría convertirse en el más delicioso de todos los peligros.

diana marcela Ballestas says

Realmente me gusta esta serie, no sé, algo sobre estos chicos alpha sobreprotectores y sus mujeres q extrañamente se meten en los más absurdos peligros. Esta historia trata de Joaquín un agente federal que va más allá de las asignaciones y responsabilidades a su cargo para tratar de salvar a un grupo de mujeres de un muy sanguinario asesino, esta búsqueda lo lleva a Bailey, una bailarina de ballet que ha olvidado su pasado y no tiene idea que es buscada por un conocimiento escondido profundamente en su mente, la historia es realmente muy interesante, aunque hubo algunas partes que podías deducir mucho antes q la autora las expusiera, anulando de una u otra forma el factor sorpresa y el final fue un poco forzado, pero en resumen fue una lectura bastante entretenida.

Jennifer says

I love this series. In this book we get to meet Kata's brother Joachim. He is hot, but has no idea about BDSM and no idea he's a Dom. I wish there had been more with Thorpe and Sean "training" him. Bailey was a sweetheart and "virgin" to all things Club Dominance. They had great chemistry, and there was a seriously disturbed bad guy running around.

The only reason I gave this 4 stars instead of 3 is because we got to see LOTS of all the old crew. And I do mean lots and I do mean all, plus lots of babies and pregnant women.

Next book is Axel, and I can't wait. I've been wanting his book for awhile.

Gizzie says

This book will grab you from the start and wont quit to the end. The only question is which direction will Shayla take in her next book. Cant wait.

REVIEW:

This is a great erotica and romantic suspense series! His to Take is the ninth book in Shayla Black's Wicked Lover Series. Each book can be read as a standalone, but I recommed reading them in order because the couples from past books show up through out the series. I really enjoyed this new addition to the series. His To Take is full of action, suspense, danger and scorching hot romance. The romance heats up the moment the characters meet. Joaquin and Bailey both have a past that haunts them and they seem to draw strength from each other. Bailey brings out the alpha dominant and protective instincts in Joaquin. Their story is fast paced and captured and held my attention from start to finish. I recommend this book for readers looking for a well written erotica romance with plenty of action and suspense.

3.5 stars

Yolanda says

Trama de suspense, momentos de tensión y no demasiadas escenas de sexo. Los dos protagonistas tienen su pasado y mucha, muchísima química entre ellos.

La trama sucede en pocos días y te enganchas, quieres saber más del pasado de Bailey, el "desapego" de Joaquín y cómo se resuelve todo. Trama rápida y bien ligada.

Aparecen personajes de los anteriores libros de la serie (Jack-Master-Cole AWWWW).

Desde luego Shayla Black escribe muy bien las escenas de sexo, de una manera muy sensual, llama a las cosas por su nombre. El lenguaje es explícito pero no resulta para nada "excesivo"

????π?? says

No ha estado mal este libro, pero no llega a estar dentro de mis favoritos en esta serie. Se agradece que no haya tenido tanto sexo como en los anteriores y la historia ha estado entretenida.

Cristin Ferro says

En este libro destacaría la forma en la que Bailey, una completa desconocedora del mundo BDSM, se va sumergiendo en él. Como va abriendo los ojos a una nueva realidad que Joaquín está más que feliz de mostrarle, aunque de no ser por Thorpe quizá la habría cagado a base de bien... Dejémoslo en que tiene ayuda y de la muy influyente ?

Shayla, como dije antes, tiene una forma muy particular de hacerte sentir el BDSM. Su forma de describirlo hace que sientas mucha curiosidad por ese mundo y que, sin saberlo, acabes haciendo cábalas en tu cabeza de cosas muy poco recomendables ?

Arantzazu says

Ha sido lo que esperaba. Cuando eliges a esta autora sabes lo que esperas. Las 3 estrellas no son tanto por la "calidad" o "profundidad" de la historia (nadie elige estos libros por eso) si no por la honestidad de la autora a la hora de dar lo que promete, por lo bien escrito que está, por los maromos que nos regala y por esos grandes momentos de "aquí estoy yo para dártelo todo nena " .

Eso sí en este libro ha habido menos cama en otros suyos (una pena en este caso) :D

Jacqueline's Reads says

4 Sexy Suspenseful Stars

His to Take is a standalone novel and is part of the Wicked Lovers series. I started this series years ago. I read Wicked Ties and Decadent. I enjoyed both books. I don't usually skip around in series, but I wanted to see how much Shayla's Black's writing has changed.

Just like me, tastes do change. I love my sexy reads, but I'm into suspenseful plots lately and His to Take hit the mark for me.

I think a lot of the disappointment in some of the negative reviews steams from readers expecting an erotic novel. His to Take isn't overly steamy, but there's plenty of sex to keep any reader happy. Let's just say there are chapters of just sex.

Joaquin and Bailey

Joaquin's bestie dies and Joaquin wants to avenge his death. His friend's death is linked to Bailey's well-

being. Joaquin must protect Bailey before the killer kidnaps and tortures Bailey to death.

Joaquin is kind of like that loner hardcore sexy broody Hero. He doesn't keep ties to anyone and he doesn't have any friends, well except for the one that got killed. He's main objective is to keep Bailey safe until he can track the killer.

Bailey is a ballerina. She has a traumatic past, but the trauma caused her to block it from her memory. She has reoccurring dreams of herself as a child, but doesn't know where it comes from.

Joaquin kidnaps Bailey. I know, totally funny and 100% cute. Joaquin thinks it's easier to kidnap Bailey, instead of reasoning with her and explaining the situation. Bailey later wakes up and is bound to the bed and is wondering what is going on.

I really enjoyed Joaquin and Bailey's interaction. I liked that she just wants to go home, but she's crazy attracted to Joaquin. Joaquin just wants to have sex with Bailey, but he knows he needs to deal with the main problem. Finding the killer.

Other Plots

Joaquin believes Bailey is more than just the killer's target and tries very hard to get Bailey to remember her past so they can get clues to finding the killer. I think some readers found this difficult to read, but I really enjoyed these parts. I wanted to know more about Bailey's past, like where did she come from, who is after her, why can't she remember?

Throughout the whole book there's tension with Joaquin and Bailey and also the killer getting closer to Bailey.

I'm not aware of the past characters, but a lot of the character from the previous books interact and are a focal point in His to Take. I really enjoyed this and it didn't take away from my reading experience. I'm actually going back and I'm going to read the series so I can read their stories. There's some light BDSM scenes and as a hardcore dark reader, I was perfectly connect with this.

He kissed like a man who knew how to make a woman melt. He spanked like a Dom who had a point to make. He was insistent. Sure of himself. He was nothing like any of the boys she knew.

I found it cute what a novice Joaquin was. It made me smile reading how new both Joaquin and Bailey are new to the BDSM world.

Overall, I enjoyed His to Take. I found it a touch suspenseful, sexy and fairly entertaining. I'm a fan of the series.

Lana ❄️Dirty Girl Romance❄️ says

As much as I've been looking forward to this book, I barely made myself finish it. I think this may have been my least favorite book in the series. After DNFing the previous book in the series, I had really high hopes for this one, so maybe I just set them too high?

The setup is interesting; NSA Agent Joaquin Muñoz agent trying to save the long, lost daughter of a murdered Russian scientist that may just hold the secrets to the life altering genetic discovery he made right before his death. After a recent string of murders point toward the killers seeking her out as well as his best friend's murder after investigating these deaths, Joaquin decides to basically stalk and then kidnap the woman he believes to be the one the killers are after. Just one problem, she doesn't believe him about her past. She doesn't have any memories, but she does have some vivid dreams of a girl that just may be her. So what's a guy to do? Take her to the safest place he can imagine, Club Dominion of course.

Unfortunately, this is also exactly where the book began to take a downhill turn. For those that may not remember Joaquin, he's Kata's brother from Surrender to Me. After losing his father at a young age he's never been the same. It's caused him to completely detach himself from feeling anything, including his family. I have to say I found a hard time connecting to something this extreme. The man has basically avoided anything to do with his family for years, even though all of them make more than numerous attempts to reach out to him.

The chemistry between Joaquin and Bailey was lackluster at best. Bailey is not a submissive but has the makings of one, and Joaquin is not a trained Dom, but has the urges of one. Enter Club Dominion and some kinky fuckery and BAM there's spankings and feelings are involved.

Their connection seemed to be the stuff of BDSM stockholm syndrome. I just couldn't connect to it for the life of me. They go from strangers to screwing in just a matter of days. The entire book basically circles around the suspense plot, which while somewhat interesting, never really grabbed me either.

Will I read the next book in the series? Probably. Though I don't think I'll be rushing to read it as soon as it releases.

Ms. Brandon says

3,5/5 En novela erótica soy muy especialita. Me gusta la erótica que tenga historia detrás, que no sea escenas de sexo encadenadas sin ton ni son (cosa muy común en el subgénero, desgraciadamente). Shayla Black fue una de las primeras autoras que leí de erótica, ni E.L. James ni leches en vinagre. Shayla Black no decepciona, da igual que sea la novena historia de una serie. Sigue estando a la altura.

La Narradora says

Una buena entrada en mi vida para Shayla Black. Una historia llena de suspense, acción, pasión y mucho erotismo, ingredientes que me han hecho disfrutar con la lectura. Lástima que no conociera sus anteriores historias porque salen muchos de sus protagonistas. Reseña completa en <http://www.lanarradora.com/2016/10/re...>
