All Yours Tonight

Daryl Banner

All Yours Tonight Daryl Banner

"Everyone has a beauty in them. Find it."

Wes is an expert at healing the world one paying customer at a time. Being a male escort, he is used to keeping emotional distance between him and his clients. But when Bradley, the ever-adorable good-boy-gone-bad, crosses his path, his life takes an unexpected turn for the crazy. His rules are broken. His boundaries, destroyed. Everything Wes thought he knew about men and the intimacy they crave is about to fall apart.

Note: Each novella in The Brazen Boys series is a standalone M/M romance. They can be read in any order.

Amanda says

Wes is healing the world one escort job at a time. He sees what men needs and he intends to give it to them. Hes happy and feels hes doing an important part of fixing the world. Then he meets Bradley and Wes will never be the same.

Daryl portrays another side to the escort business, not just about making money but instead a way to help heal people. I found it refreshing to be shown another point of view. That's what makes a story and writer great, when they can take you outside yourself and your preconceived notions and introduce you to a whole new world and ideas. And Wes's story has done just that.

I'm liking these brazen boy stories quite a bit, they're quick and easy to read and give you a taste for Daryl's writing. I have the same complaint every time, which is that I want more. I read these novella way too quickly and have to wait too long for the next one. I can't wait to see who the next brazen boy is.

Ana Oh says

This book a little more somber than the author's other novellas in this series. More real, without being darker. Very Good.

Caroline says

OMG, I wasn't expecting another book so soon, I was so delighted! Yesterday, Father's day, I read a post on FB announcing the release of another little Banner baby and I simply couldn't wait. I one-clicked All Yours Tonight right away, novella #5 in The Brazen Boys series, and litteraly devoured Wes and Bradley's story. And yes, I loved it, so so much. AYT is my favorite Brazen Boy story so far. I know I said exactly the same thing for the past 4 novellas but for the first time I wanted this novella to be a novel. I wanted to know more about Wes and Bradley's futures and pasts, especially after the big revelation, eh eh. Bravo and congratulations, I can't wait for next book.

Nicki says

YES, YES, YES!

Daryl Banner does it again!
Always gets going right from page one! Each book is different & new w/HOT men--loved Wes & Bradley! What puts Daryl above & beyond (yeah I said it!) is, he'll add the complexities of real life we all encounter, but also adds fun, lighthearted moments!
Banners' unique ability to mix the Hot AND Sexy is amazing! Not just any author can write a Novel length

story in a condensed version like Daryl can while still leaving you feeling completely "Sa-Tis-Fied!" His writing style keeps me coming back and is what will KEEP me waiting for more!!

Nicki

Natalie says

With each Brazen Boy novella I read, I think to myself *this is my favorite of the series*. Then the next book comes out, I read it and I think to myself ...*this is my favorite of the series*.

For me *All Yours Tonight* was the sweetest, most emotional of the books. I really did love the relationship between Wes and Bradley.

Wes is a male escort who takes pride in his work. He likens himself to a therapist, helping heal lonely souls one date at a time. Going to a local bar after *work* one evening he meets a very cute but very emotionally unstable Bradley. In an attempt to provide comfort, Wes and Bradley forge an unconventional relationship.

Daryl is able to pack so much personality into his characters in so few pages. I really enjoy his writing style and these novellas have been nothing but pure entertainment. The dialogue is heartfelt and funny and while the sex is not overly graphic it fits perfectly with the story.

I can't wait to read more.

Steph Parks says

Amazing!

"His tragedy has shattered him. He's a pile of shards, some sharp as a knife, others smooth and delicate as the stroke of lovers' fingers. He doesn't want me to put him back together; he wants me to just jump into this dangerous mess with him."

Oh my this one! No words. Amazing.

Toni FGMAMTC says

4.5 stars

FGMAMTC Blog Review

All Yours Tonight is my favorite of the series. For me, the message is deep. Everyone is beautiful. Everyone is worth it.

Wes is a gay escort. His job is to fulfill fantasies, and he's great at it. In fact, it's practically an art form the way that he cares for others. The acts are physical, but really he's feeding each clients mental well-being, giving them a boost about how they feel about themselves. The problem is he's doing all the giving. It's all

fun and games, but eventually his own psyche is going to need fed also.

Daryl Banner always has the most unique ways of telling a story. I love his style. If you're looking for role playing and sexcapades that will leave you feeling like you're going to be ok no matter where you're at in life, this is probably for you.

FangirlMoments and My Two Cents

Alex Tuttle says

This Brazen Boy felt different to me than the others in an excellent way. Also, the dynamic between the two boys was different... fuller, maybe? While Daryl always does a great job of letting you get to know every character, in this one, even though it was told through Wes, I felt Bradley's emotions so intensely that it was as if he was the MC. Intense is definitely the adjective for this story. I was constantly wound up and feeling all the restless, anxious, desperation of both Wes and Bradley as if it were my own. Even the humor is this one was different... manic even... the kind of humor one uses to cover up panic or grief. The mood of the story runs deep and strong throughout, gripping and climbing until reaching an utterly perfect ending. I can't recommend these enough! Only Daryl Banner can pack so much into so few pages leaving you breathless

and begging for more.

Amy says

In true Daryl Banner form, he leads you on an erotic journey tightly woven around an unique plot. One of my favorite novella series, I love waiting for the next book to come out, just to see what path he leads us on!!

This book was more than just M/M sex, the characters had major issues. Coming together under less than ideal circumstances, Wed and Bradly find comfort in each other physically and emotionally.

I loved the twist Daryl wrote in this book. Kept me guessing and was a major turn in the plot.

As always, the sex was smoking hot, the characters well developed and the plot was unusual to the very end.

Can't wait to read the next one.

Curly Carla Celebrity Readers says

It's no secret I am a huge fan of DB. He has such a way of writing the sex scenes but also making them integral to the plot and this one was no different. This one was a little dark. I mean, they are all a little bit on the wild side but this one kinda touched a bit home for me. The loss of a loved one and not knowing how to deal with it. Bradley was manic in his grief. It was disturbing and intriguing to read at the same time. Wes handled it though, which gave me a better understanding of his depth as a character.

Characters:

Wes was a giver of himself. (pun intended) He was alone but didn't realize how lonely he was until Brad walked into his life. Wes seemed to evolve right before my eyes and I got to experience it with him as it was happening. It was pretty awesome.

Poor brad. He lost his dad and couldn't seem to deal. He needed help and knew it. He acted reckless and switched gears almost too fast to follow. He was forgiving and extremely loving to the people he cared about.

Favorite quote:

The only time he looks at peace is after I've made him cum. Is that all he's been reduced to after his father's passing? Just a steady river of insanity puntuuated by tiny islands of sexual peace?

Santy says

This was a confusing book. I don't even know whether or not I liked it actually.

But yeah...i guess it was okay.

leigh says

Excellent rentboy story. "Axel" is a mature adult with a sardonic narrative voice and an unusual perspective on his career. He meets a shattered-looking boy in a bar and takes him home.

Part of the *Brazen Boys* series. While the titles and covers market them as erotica shorts, these novellas are solid M/M romance.

Recommended.

Pixie says

Well this one didn't work out for me. The concept initially appealed to me. I'm not into the whole rent boy thing as I've previously said because sex for money is a huge turn off for me. But I decided to give it a go because I figured it might work out since we were getting a real life perspective of someone whose job just happens to be prostitution. I found the story to be odd. Brad I could never connect with, which I get, he'd just lost his father so his actions were unusual for him and fueled by grief. Wes/Axel though, why he connected with Brad I couldn't tell. He sensed the unbalanced nature of their relationship from the start, based on his profession I would have expected him to be cautious and emotionally distance himself, yet he seemed all in. The personal connection they ended up sharing was random at best. I could see it coming from a mile away yet kept hoping we weren't going there. The ending annoyed me to no end. It still left me thinking "Brad apparently is still in his manic state". Wes should run....

Emma says

Not quite short enough - 2.5 stars

I don't expect a lot from short stories. Wes and Bradley were fine characters and I didn't mind the set up. I just felt this dragged a tiny bit.

Caro Richard says

The 5th Brazen Boy is here!!!

Wes aka Axel, is a male escort who describes himself as a healer of lonely souls....I got the impression that he also was a lonely soul but always put others in front of himself.

Wes meets a boy in a bar, a broken hearted young man and as they get to know each other as 'non boyfriends' they find what each other has been looking for even though they didn't realize they had been looking.

As usual Daryl has knocked it out of the park again with this book, the pool table, the revelation and the tales you hear of Wes's past client 'One guy wanted me to sit on his face for an hour while I watched TV' - totally brilliant!

I so so hope that there are more Brazen Boys - I so look forward to these books!
