**Blood Cursed** Sarah Piper

**“My whole life, you’ve been making deals for my future—for my soul—with other people. Now you’re going to deal with me.”**

The Prince of Hell has been gunning for a Silversbane heir for decades—a witch whose blood can summon the spirits of the most powerful magic-users ever to walk the earth.

A witch like me.

Thanks to a soul-shattering devil’s bargain, I’m now his most prized possession.

**But I’ve got bigger fires to fight than the ones burning in hell.**

My friends are still imprisoned. Hunters have joined forces with the dark fae, and the Council has turned their backs on us. One of my rebels is now forbidden to love me, and another can’t remember that he ever did. Mix in an epic betrayal and a few dark secrets, and I’m ready to burn it *all* down.

So yeah, maybe the Prince of Hell is used to closing deals and getting what he wants. But when it comes to *this* Silversbane witch?

He probably should’ve read the fine print.

## Blood Cursed Details

## From Reader Review Blood Cursed for online ebook

### Missy Cetnar says

#### Another winner!

I love the story of Gray and her family. She and the guys are made for each other. Even when events try to keep the apartment, you know in the end, nothing can. It will be interesting learning more about Deirdre as well as the 4 witches of the prophecy. Its going to be a long wait until the next book comes out!

---

### Kieran says

#### 4.5 stars! Amazing!

I love this series and this book was no different. This one was a little slow at the start but the twists and turns later on make up for it! The ending is a bit of a cliffhanger and utterly heart wrenching. I cried many times in this book, the characters just back e so likeable and the struggles, pain and loss then endure broke my heart. I can't wait to read the next book.

---

### Amber says

#### Best on yet

What a wild ride! This was the best book of the series to date. This book was an emotional rollercoaster on a whole new level. The cliffhanger at the end is even worse then the last book but I will be eagerly anticipating book 5. Five stars just isn't enough. Simply perfect.

---

### Patty Nollet says

This whole book played with my heartstrings a little too much - so I took off a star. I really appreciate plots getting crazy convoluted - but if you want a straight forward reverse harem - this is not the book for you. I enjoyed it and will definitely read the 5th book as soon as it's out. But the emotional hits need to stop coming so rapidly.

---

### Janice says

A Review of Blood Cursed by Sarah Piper

Gray's story continues - 5 Stars

We get to learn more about Gray and who signed her soul over to the devil. Things are getting more and more interesting and I can hardly wait for the next book to come out so that we can find out what happens.

### **Danielle Hilliard says**

I went into this expecting to need tissues and have my heart ripped out...I WAS NOT PREPARED!!! Just when you thinks things for Gray and her rebels, well things get kicked up a notch. As usual I will be not so patiently waiting for the next book. I received an ARC and provided an honest review out of the kindness in my heart

---

### **Amy says**

Wow. The level of angst in this one was epic compared to the previous books, and they were pretty damned angsty! I'm loving the relationships Gray has developed with her men, and am really hoping it'll all work out for her in the end. The cliffhanger ending has me anxious for the next book. Definitely recommend this series.

---

### **Tracy Hoyt says**

#### **A bloody curse upon my heart**

And my mind. I took my time reading this book because I was afraid. I've gotten to know, connect with, and fall in love with these characters from the start. When I become so invested in a strong story and characters, my fear surfaces and I avoid, I didn't want to know, didn't want their story to end. There is still more to go, thank goodness. Sarah has the uncanny ability to tear your heart out, and piece it back together again, over and over. Gray and the guys have been through so much, traversed so many paths, so many realms and the path still remains uncertain and uphill. Triumphs and beautiful moments, but so much heartache and pain, as well. God, I knew it would be rough, but I find myself heartsick and wishing the next book was here already. It's so worth the pain. This story has become so much more than a mysterious urban fantasy. It's amazing how quickly an author can write their characters right into your heart. Beautiful, the next book can't come soon enough!

---

### **Ginger says**

Four books in and chunks of main plot are still getting thrown out like "oh btw this is an issue too". State the full issue and start fixing, good lord. I found myself skipping over the political intrigue and mom talk due to its sudden and explosive appearance. I think I'm just too late in the game to become invested in another subplot.

Removed a star due to cliffhanger that includes possible main character death. Cliffhanger me all day, but don't play with my emotions.

---

### **Channy says**

I love that each book in the series picks up where the last left off. This series has really developed and the world that it's set in is morphing with each book. The growth of Gray and the other characters is fantastic. This book definitely pulled on my heartstrings and I'm hoping that everything isn't how it seems

### **Camila Rodriguez says**

D  
N  
Fucking  
F.

I'm *not* finishing this.

I tried. I did.

I gave Liam a chance.  
Gave Darius a chance. (It's Darius right? Not Marcus?)  
Talking about the vamp.  
ANYWAY  
Hell I gave Emilio a chance.

I mean it's book 4 AND HE HASN'T EVEN TOUCHED TONGUES WITH HER.

I enjoyed the earlier books.

This one took a turn...  
for the worse.

DONE.

There are so many realms and it's like her body is in Realm A and her soul is on realm B and oops shit her sense of reality was left at the crossroads WELCOME TO HELL where is she????

Is Emilio even part of the story? Are the witches still an issue.

**IT'S A FUCKING SHIT SHOW.**

Bye.

---

## **Jody Zaragoza says**

### **It hits the fan**

This was a great and utterly frustrating book. It was a lot of things that needed to happen or be addressed but if it could go Wrong it did. We also get a lot more information unveiled in this book. Yet there were happy things in this book, I was left with hope. I can't wait to read the next book to see where we go from here.

---

## **Jodi says**

### **I couldn't put it down!!**

So much happening, I couldn't put it down, I'm obsessed with the path the MC will take and how she will win back her freedom and her family! Can't wait for the next book!

---

## **Jeanny says**

DNF. WHAT. A. SHIT. SHOW. TBH I lost interest 34% in & skipped to the final chapters & after the death of the werewolf I was done with the series.

Btw Cliffhanger ending.

---

## **Jessica Robbins says**

\*I received a free copy of this book which I voluntarily chose to write an honest review for.

With the way the last book ended I was dying to get my hands on this one because I just had to know what happened next. First the have to Gray put back together since her spirit is one place and her body is in another after leaving the Shadowrealm. There is lots of crazy stuff going on as they figure it out and when they do we just get one doozy after another that I would have never been able to dream of. Lots of twists and turns that will leave you shaking your head wondering what will happen next and then you hit the last page making the wait even longer. This is gonna have one heck of a finale at this point. I really liked it so I give it 4/5 stars.
