Christmas Double Cross Jodie Bailey

DEAD RINGER

Undercover Texas Ranger Colter Blackthorn's convinced Danielle Segovia is really a wanted criminal—until she's nearly kidnapped right in front of him. Now Colter must keep her out of the clutches of the notorious drug cartel leader whose traitor sister is a dead ringer for Danielle. The drug czar wants the drugs he thinks the pretty shop owner stole from him. And with the younger brother Danielle is raising dragged into the crosshairs, Colt has to find a way to protect them both. But a showdown at Christmas—with Danielle as bait—may be the only way to make sure they all survive the holidays.

Linda Rainey says

Hair- raising suspense follows you as Texas Ranger Colter races to save Danielle and Justin from a cartel. At the same time,a growing attraction between Colter and Danielle, add to the danger. I loved the engaging characters, the suspense and the storyline. This book is recommended for those who like romantic suspense. An ARC was given to me by the author. My opinions are 100% my own.

Hazel Robinson says

Love Texas Rangers

Where is Adriana, her brother Rio is looking for her? She took something and he want it back and he will kill anyone that get in his way. Danielle love working in her store until one night someone try to kidnap her. Why is someone trying to kidnap me and why is everyone calling me Adriana. They bad guys and the Texas Rangers. Cole had lost someone close to him so he had shut himself off from love, but protecting Dani and her brother he may learn to love again. Wonderful, Wonderful story.

Susan Snodgrass says

Danielle Segovia is apparently a dead ringer for a very nasty wanted criminal and Texas Ranger Colter Blackthorn is determined to bring her down. Then she is nearly kidnapped right in front of him. It takes some doing, but Colter becomes convinced she is not the woman he's after. Now he has to somehow keep her safe from the notorious drug cartel leader whose traitor sister is the dead ringer for Danielle. To add to the danger, Danielle's younger brother is being recruited into a gang, a brother she is determined to raise properly after their parents' death a short time ago. But Colter has to find a way to protect them both from deadly drug runners. Will they even survive the holidays?

Jodie Bailey brings danger to the fore with the very first paragraph in this book. The action continues through the book, without much let up at all. She manages very nicely to tell a quite suspenseful tale that is sure to keep readers enthralled throughout the book.

*My thanks to the publisher for this preview copy. All opinions stated here are entirely my own.

Laurie Burrell says

To date, I've thoroughly enjoyed every one of Jodie's

To date, I've thoroughly enjoyed every one of Jodie's books. Just enough romance, suspense, and likeable

characters to read about. This joins the ranks of the rest. A quick enjoyable read. Definitely looking forward to continuing the story with the next author as well.

Sarah says

Jodie Bailey did a great job with this book! My attention was captured from the beginning and held to the end. I would highly recommend the book, and the suspense was great!

I received a copy from Bailey. This is in my honest opinion and own words.

Elizabeth says

Christmas Double Cross (Texas Ranger Holidays, #2)

By: Jodie Bailey

Christmas Double Cross is book two in Texas Ranger Holidays series. Even though this is part of a series you can read it as a stand-a-lone without any problems. A page turner, I found myself trying to read faster to see what was going to happen next. A book I did not want to put down. Texas Ranger Colter Blackthorn has this hands full in this action fast paced suspense. He has been after a notorious drug cartel leader's sister. Colter is convinced he has found her until she is kidnapped. Can he find and keep both of them safe? Bailey weaves a great story with well developed and real like character and action till the end.

I was given a complimentary copy of this book , but was not told that I had to give a positive review.

Jennifer Hallmark says

Suspense on Christmas

Christmas Double Cross by Jodie Bailey is a romantic, holiday-encased wild ride. Full of Christmas and heart-touching suspense, I read it quickly, needing to know what would happen next. And it doesn't hurt to have a hunky Texas Ranger in the mix. You'll love it...

Glenda Parker says

My review today is on the Love Inspired Suspense, Christmas Double Cross. This is the second book of the Texas Ranger Holidays Continuity Series. This book is awesome; I know you are going to love it. This story is well written and action packed. Faith is interwoven throughout the story like a tapestry.

Undercover Texas Ranger Colter Blackthorne has found a woman he believes is the drug king's sister. She is a traitor to her brother's drug cartel. Danielle turns out to be a pretty shop keeper who knows nothing about Adriana and her brother. She is nearly kidnapped right in front of Colter eyes. Can he keep her out of the hands of the cartel and find the real Adriana Garcia?

Danielle Segovia is shocked when she is taken for another woman and almost kidnapped. She finds out that

the leader of the cartel thinks she has his drugs and his money. He not only wants his stuff back, he wants her dead. She and her teenage brother are caught in the crosshairs. Can she trust Colt to keep them safe?

A journey to try to survive the evils of the Rio Garcia's Drug Cartel. Can they find this madman and bring him to justice? God has a plan for these two; a plan for a hope and a future. God has a plan for you too. Surrender to Him, trust Him, and watch Him work in your world.

Lizzi says

First off, I told myself to pace myself and read maybe just the first few chapters on my phone until I got the book in the mail sometime next week. That was two days ago. Now I'm done with the book.

Christmas Double Cross is the second book in this series, but it's able to stand alone. Which is how I read it. I do plan to read the other two. The plot was great. Bailey kept the action coming from beginning to end, as she does in all of her books. Colter was an amazing character and I loved how his relationship with Danielle progressed through the book.

Kav says

They say everyone has a twin somewhere which is all well and good unless your 'twin' happens to be the sister of drug cartel lord. Everyone is convinced Danielle is Adriana Garcia -- even law enforcement at first. Lots of tangled webs to weave through before Danielle is cleared. At least, the good guys know who she is but the bad guys? They are still coming on strong. Danger and intrigue clash with an inconvenient romance and make this a stellar read.

Christmas Double Cross is the second book in the Texas Ranger Holidays: A Season of Danger continuity series but I had no trouble reading it as a standalone. And I have no idea how I missed the first book, Thanksgiving Protector by Sharon Dunn last month. I have to play catch up now, because I think I'll understand Colt a bit more once I've read that first book. He's pretty hard on himself over something that happened in the past and I have a feeling it happened in Thanksgiving Protector. I'll have to read it to be sure. But it keeps him wary and super sensitive and brings some delicious tension to the story.

Dorel says

This is the 1st book I read by Jodie Bailey. I'm sorry I stopped reading this story at chapter 4 because it didn't grab my interest.

Floridallh says

I really enjoyed reading Christmas Double Cross and devoured it in just two days. The instant spark between the two main characters, Colt and Danielle, is both believable and exciting. I do love the author's use of their past experiences to shape character growth throughout the story. Faith in Jesus is a strong theme in this book. I couldn't help but root for the individual characters and teams throughout this fast-paced story! I did not read

the first book in the series, but there is enough explanation in this one to get to know the characters, and their personalities, well. Having said that, if you are thinking of picking up this book, pick up the entire series, because these authors will not let you down!

I received an advance copy of this book in exchange for my honest review.

Laura says

CHRISTMAS DOUBLE CROSS is the latest page-turner by Jodie Bailey. I was literally on the edge of my seat and couldn't put this book down.

At first I wasn't sure what I thought of either Colt or Danielle. He is convinced she is guilty and treats her accordingly, and enough doubt is cast on her at the beginning, you aren't totally sure whether she is or is not who she's thought to be.

You know who the bad guys are in this book, and you know why, but you don't know when or where they will strike next.

And how or who is going to win each round even though you ultimately know since it is romantic suspense and of course the good guys win.

There is a spiritual message but it is weak, and limited to mostly "help me, Jesus" prayers. If the hero had a clear come to Jesus moment, I missed it.

There are dead bodies included if you are the screamish sort.

Lots of action, suspense, and romantic tension. A great read.

I was given a copy free. All opinions are my own.

Trixie says

A case of mistaken identity can get you killed!! That's what almost happens to Danielle Segovia when she'd a dead ringer for a drug cartel's sister Adriana Garcia. Even Colt can't tell the difference! Once the truth comes out, he vows to protect her at all costs. But keeping his heart out of it might just cost him more than he's willing to pay!

This has all the intense action I love in a suspense, keeping my heart racing and the adrenaline flowing at a high rate! Especially throw Danielle's impressionable teenage brother in the mix and you got double the action, double the tension and double the danger! We see Colt dealing with his own grief and regret & how he overcomes these throughout the story. I think it helps that Danielle has a strong faith in God and Colt sees her relying on Him in heightened situations! The romance was the right pace for the kind of book this is and sparks do fly off the page. Lots of layers in this one and an over-arching mystery between this one and Thanksgiving Protector by Sharon Dunn. I'm looking forward to Texas Christmas Defender to tie that all neatly in a bow...though they can all be read as stand-alones.

* I received a complimentary copy of this book from the author. No favorable review was required and all

opinions are my own. *

Lisa Johnson says

Title: Christmas Double Cross

Author: Jodie Bailey

Pages: 218

Year: 2017

Publisher: Love Inspired Suspense

My rating is 5 out of 5 stars.

Danielle Segovia is trying to make ends meet. She runs her own gift shop with art, pottery and various decorations for the home. She is also raising her 15-year-old brother, who has recently begun hanging out with gang members. She has tried to tell him how dangerous this is, but he believes the gang will take care of them. Danielle gave up finishing her college degree to raise her brother and run the shop when her parents died in a car accident. A handsome man enters her shop just before closing and talks to her about things she knows nothing about. What is going on?

Colt Blackthorn is undercover as an illegal art dealer to ascertain the identity of a particular art shop owner. He has received intel that she is the sister of a Mexican drug cartel leader. She has stolen a huge cash of drugs from her brother and he wants it back. He will do anything to retrieve it as the drugs are worth millions. He also wants his sister back to exact a more personal revenge. Colt and the other U.S. Marshals want Rio's sister to stop the infiltration of more drugs in Texas from a potential new drug lord. Colt enters the art shop and soon identifies the owner as Rio's sister. He leaves the shop certain of her identity and filled with anger as she is also responsible for his best friend's death. While he tries to gain control of his emotions, he sees her forced into an unmarked vehicle. Has her brother found her? Colt races to catch the car so he can see justice done for his best friend and not let a murderer get away.

This excitement is all in just the first few chapters of the book. There is plenty more where that came from! This is another great suspense-filled story! Danielle's struggle with raising her teenage brother was an interesting side plot, and Colt's struggle with his feelings of vengeance also rang true. The faith element is evident in the story without being overwhelming; it is seamlessly woven in. This would be a good stocking stuffer for the reader on your Christmas list!
