## Dark Desires: Sold D. Cristiana

Two years ago a chance encounter brought together Marguerite Grey, a woman with a distinct lack of care for the world, and Marcus White, a man who makes a lucrative living as an assassin. In a moment of uncharacteristic spontaneity, Marcus offers Marguerite half a million dollars a year to be his woman.

She accepts.

Now secreted away on a desolate mountain, Marguerite finds her humanity and true love in the arms of a conscience-deficit killer...

WARNING: This 6,400 word short story is intended for open-minded adults. Crude language and explicit descriptions of sexual acts, to include oral and anal, are contained within.

## From Reader Review Dark Desires: Sold for online ebook

### La-Lionne says

#### \*\*\*3-ish stars\*\*\*

I don't know... It's a good read, I loved the writing, but I felt like the blurb is a bit misleading. I really don't know why this book is called "Sold", it should have been called "Bought".

It's not as dark as the blurb implies, but it's very kinky :).

I know it's a novella, so I can't expect too much, but it felt too short. I didn't get this constant jumping from past-to-present-back-to-the-past-and-to-the-present-thing that was happening. There is a two year gap in between, so I imagine a lot of things have happened in between now and then. A lot of words, but not a lot of information.

I finished it, and with all that jumping back and forward, I still don't know why the heroine made the choice that she did. Was she just some whore or were there more to her? Give me something. Why did she accepted such a bizarre proposition?

Then we have a hero, who is kind of cool. But I felt like there was so much information that was missing. All you get to know is that he is an assassin, who kills people for money. But there is no mystery around it.

There was no background info on who the main characters were, or how they got here.

I liked their interactions in the present (hot stuff :)),

**"Suffer for me just a little bit, baby, and I'll ,make it worth it for you, I promise."**

but the ones from the past didn't revealed much. She met him at the bar, woke up in a strange place, made a snow angel and he learned her how to use a gun. It didn't left me wanting more.

I \*think\* I will read the next installment, only because I feel that the story has a huge potential to be amazing. Plus, it's free on Amazon, why not give it a shot :)?

### Linda says

A hard assed killer buys the time and availability of a woman tired of people. Could not finish, I'm so sorry. Did a man write this one? "Sink down.. get used to.. slathered. Anal" Yep. Licking slits on the first page had me wondering, I need more foreplay or setup before reading about it.

---

### Adrienh1 says

Quick short read. It was okay. This is the 1st book in the series (I think). The story did not make a lot of sense to me. Maybe I will explore the series further. It was okay

---

### **Angel \*\*Book Junkie\*\* says**

Pretty fun read about an assassin who purchases a girl at a bar then I think somehow they fell in love. Not sure if that was the concept I think I would have liked it better without the time jumps possibly if it was written consecutively so that I could get to know the characters.

---

### **SaturNalia says**

Too short to reveal much of the characters or their back story. Marcus is an assassin and he wants a companion. He meets Marguirite at a bar, kidnappes her and convinces her to leave her old life behind to be his companion. Sounds interesting enough, I want to know how he convinced her and how did she feel, lots is left up to the imagination. The story switches from the present to the past, I just wanted to read one time period.

---

### **Erica Rae says**

Very short story...wish it were longer!!! Marcus buys Marquette for a year..secludes her...comes home every few weeks and it ends with them renewing their contract....

---

### **Future Slayer Girl says**

This was one of those stories that I kept thinking about after I read it. So, I read it again. It was a story that I almost wanted to knock down the rating for being a short story. Alas, I can't rate books low for something I knew that it was when buying it. The author makes it clear the length and that it is a short story.

However, this story was almost—beautiful. Just a perfectly written erotica tale that not only got me so hot I had to read parts to my husband out loud I was getting ‘pent up’, but it was so eloquently told. It is the story of an Assassin, and a woman that just doesn’t understand social interactions. The point of it all and longs for a sweet taste of solitude. This book could easily get dismissed as just another erotica story. Let me tell you right now, it is not. I don’t know how to get into words how fantastic this story is not just written, but the plot is brilliant.

I couldn’t help but put Jason Statham in Marcus’s role. And, well, I would like to say I cast myself as Marguerite—but my husband might get upset with me. So, I gave the role to Anne Hathaway. Yes, that is how much this short story affected me. I gave them life, I breathed into them, and it played out like a motion picture in my head as I was reading this. I wanted in their world. The sex was so hot, and the story was just flawless. Effortless—in its execution; if you haven’t read D. Cristiana, then you must. She is unconventional, and breaks the rules. And I loved every second of reading this short story!

---

### **Candice says**

For what it is, this is actually really good. What is it? PWP! (Porn Without Plot, or Plot? What Plot?)

It swaps back and forth between the present day in which our two characters are having *~an erotic interlude~* (it's hardcore porn in text format) after a 3 month separation, and their first meeting. This is pretty much a free into story to a trilogy of novellas featuring these two characters, and I gotta say, I'm tempted to buy them.
