His Very Personal Assistant Carole Mortimer

When Kit was hired as personal assistant to Marcus Maitland, she was ready to resist him — if her sensible suits, glasses and severe hairstyle didn't do it, then her cool, untouchable manner would.

However, during a working weekend away, Marcus started getting very personal with his assistant. Without her glasses and prim clothes, Kit felt naked — which suited Marcus just fine!

Megan says

Wasn't too keen on this. I found it really quite weird to read as the hero was very negative from the get go and aside from keeping her safe from a predator he wasn't very well redeemed in my eyes and I didn't get how she came to the conclusion she was in love with him..

Not extremely impressed with this one.

Chitra *CJ* says

"His Very Personal Assistant" is the story of Kit and Marcus.

An assistant heroine who dresses herself in drab due to her past experience with a leech boss..

A playboy hero..

A trip which forces her to reveal herself..

Loads of OW/OM attacks..

Extreme family drama..

Love?

HEA.

I mean this book felt just plain incomplete. Low on angst and passion, this is just an average time killer.

Meh.

2/5

Ashima says

Loved it!!

Putri Septiana says

I can't really grasp the story. I found the words too confusing sometimes that my mind start wandering so I had to reread the previous pages again.

Mnms says

Very 90s!

It was nice to see a couple in love acting like civilized adults, even when tempers fly. It's a good story with really good dialogue.

Nikki says

Eh, not very well written. The 'love' comes out of nowhere. The plot moved the characters around alot though nothing was happening in these new locations.

Cecilia says

[such as the fact that her estranged grandmother is

Anuradha says

An office romance with a touch of humour. The guy is a business tycoon with a notorious play boy image. The girl lands up working for him. Just to keep the guy at arm's distance, she dresses like a drab school marm. That keeps him focused on work all right !

But soon, they need to go on a weekend official trip and her true looks comes out. And that sets the play boy alarm ringing loud and clear. Now he pursues her in right earnest.

But there is a small confusion because the heroine seems to be meeting his arch business rival a little too often. Suspecting a bit of office conspiracy and at the same time being attracted to her, the poor play boy is seriously conflicted.

He does figure out what the matter is. And all is well.

Good , simple office romance. I liked it.
