## Informant Larry A. Winters

An unreliable witness...

Prosecutor Jessie Black has an airtight case against Tyrone Nash, a gang thug who shot a man behind a bar in West Philly. But what should be an easy trial turns complicated when Nash somehow intimidates her eyewitness, and he recants his testimony on the eve of the trial. Now Jessie's only move to stop the killer from walking is to call a witness she had hoped to avoid—Reggie Tuck, a smooth-talking jailhouse snitch who claims Nash confessed to him during a short time they shared a cell. Worse, there are other people with an interest in the trial—people intent on silencing Reggie's big mouth, permanently.

A courthouse under siege...

Soon Jessie and Reggie find themselves trapped in a courthouse taken hostage by armed assailants. She must find a way to keep both Reggie and herself alive long enough to learn who they are, and how to stop them. But is Reggie Tuck's life worth protecting at the risk of her own?

## From Reader Review Informant for online ebook

### **Roger John Jones says**

#### **Stupid**

The hero and heroine are brilliant. Everyone else is stupid. Guns kill everyone with a single shot but miss our heroine over and over again. Time is wasted as our hero drives around instead of using the phone. Very unsatisfying. I like the first book of the series. This one not so much.

---

### **Bryan Chambers says**

#### **Not a legal thriller .**

Read this one because I enjoyed first one. This one wasn't much legal thriller and very little of the sassy jessie. Would have been ok but the story was weak , silly unbelievable parts. Not sure why all the good reviews.

---

### **deryl taylor says**

#### **Getting better and better**

A 5 Star rating for sure! Each book in the series gets better with its suspense, mystery, twist, turns and thrillers! I'm really enjoying the series so much I can't seem to put the book down! Read the series. I don't want it to end!

---

### **Erich says**

[a Mad Max Thunderdome as the police refuse to send in SWAT. Mercenaries walk around the criminal justice center unimpeded all day long, police happen to be double agents. The first book in the series was hard to believe, this second book is even more incredible. (hide spoiler)]

---

### **Debbie Oxier says**

I am loving this series! Prosecutor Jessie Black ends up fighting for her life when the courthouse comes under siege by a group of armed men. Stuck in the stairwell in between floors she and her fellow hostages have to figure a way out without getting killed. Her star witness, Reggie Tuck, a snitch and the person she was relying on to help her convict the bad guy might know more than what he's saying. In the meantime, the detective Jessie's been seeing is trying his best to get to her but his superiors aren't listening to anything he's telling them, heightening his fears of Jessie being killed.

This had me on the edge of my seat. I couldn't put it down! I love the characters. Jessie is as tough as they come on the surface but has a more vulnerable side underneath. Leary, her beau, says he isn't looking for anything permanent but when Jessie's life is on the line he realizes just how much she means to him. He'll go to any lengths to save her, even putting his career in the line in the process. Definitely recommend. This can be read as a standalone but the series has me hooked!

---

### **Katie says**

#### **A good, quick and easy 4 star read.**

I really like the characters in this series, but I wish the author had gone deeper. It's fast paced but it lacks an accompanying complexity that keeps it from being great. That being said, I can't wait until there's an audiobook version for book 3!

---

### **bonnie kirchner says**

#### **Informant**

This is a very good book and series. The thrills are great. Once you start the book it is hard to put it down. I highly recommend this series.

---

### **Diane Saul says**

Jessie Black is the DA in the case against Tyrone Nash. She is forced to rely on the testimony of jail house snitch Reggie Tuck when her eye witness is somehow intimidated and suddenly has memory issues. On opening day of the trial armed men infiltrate the court house and they are after Reggie. Now Reggie, Jessie and other visitors and witnesses are trapped in a locked down facility with armed men. Who are they and why do they want Reggie? Is it to stop him testifying in the Nash case or is something else going on. There are all sorts, of twists and turns, betrayals and suspense in this book. If you are looking for a good legal thriller this is it.

---

### **Larry Griffiths says**

#### **Larry's take**

Not as good as the first book. Lot of the situations didn't make sense. I did like how Larry handled the Ramsey character.

---

**Bonnie says****Another great part of a great series so far**

I really thought the first book in the series was a page turner, and it was. For a second book in a series, this one was excellent. I couldn't put it down. I am so looking forward to the next in the series. I really like Jessie Black.

---

**Carol L. Easley says****Not as good as Burnout.**

A whole book of hostage stand off was too boring with a lot of useless killing. However, I guess I will give Mr. Winters another chance by reading the next book in the series because the first book was so good.

---

**Tina Jacques says**

I enjoyed the book even though it wasn't a legal story at all. The character I thought was great was Reggie Tuck, and for a supposed con man, he was a pretty kind person...well, he could have left Jessie with the psycho who was set to kill her. I thought the story line was weak in some places, but nevertheless, it was entertaining. I liked the first Jessie Black story better.

---

**Diane Waddington says**

Jessie Black, what else can I say LOVE IT

---

**Andrew says****Worth the time**

It wasn't the best wasn't the worst interesting series and worth continuing to see how the characters develop. Definitely recommend

---

**Glenn LaRue says****A must read crime thriller**

There are lots and lots of twists and turns in this crime suspense novel. It is one of the best of this genre that I have read in a long time. Highly recommend!
