Sandra Eggleston says

This was an excellant read. It tells you how worry is a sin. Concern is different...and more. I will be keeping this book because I may need to reference it again. It seems that I have always thought if I didn't worry about something, then something would go wrong. I would recommend this book.

Linda says

Really good. Helped me to stop worrying and just let God do His thing!

Waleska says

Loved it!

Tony Evans makes it so simple to understand. I loved the way he used the other books of the Gospel to explain the Word of God.
