Lord of the Fallen

John Forrester

Lord of the Fallen John Forrester

Lady Elendria witnesses the murder of a boy and discovers it is connected to a cult sweeping the city of Criswall. The cult worships Ba'al, an ancient god named the Lord of the Fallen by the city's poorest. The cult aims to overthrow the Kingdom of Mar Thagroth and bring back an ancient empire ruled by sorcerers.

Forced to leave her childhood home a year ago, Elendria has adjusted to college life filled with people she once considered enemies. She is thrust into the court of King Galeran and attracts the attention of Prince Jondran, the king's grandson. She is torn between her hatred of the kingdom and her growing interest in the young prince.

While investigating the boy's murder, she discovers a dark secret about her father. Set amidst a city rife with cultists and a class war, Elendria must choose between family and her new friends. But she soon realizes the choice is really between doing what is right and pursuing revenge.

From Reader Review Lord of the Fallen for online ebook

Medusa Redden says

You got me, now I have to wait for the second book. sigh Great characters, with the main character that seems to want to be good, but isn't always good at it. I can relate :P

Lauren Werley Lankford says

This was a great book, but when can we expect book 2??

Kemi Somoye says

This is really imaginative

Once I started I couldn't stop. I had to finish the book. Felt like I was part of the story

carol cox says

Great book

This is the first book I have read by this author and I can't wait for the second installment ,wonderful

Cady Mandolin Courtright says

I read this book as a content editor, so unfortunately I can't give a star review. However, if you're looking for a thrilling elemental fantasy with a strong female lead, check this one out. Murder, intrigue, and politics abound!
