# From Reader Review Montello High: School of Gangsters for online ebook

## Ivy Zabat says

This is one of my most favorite novels that I discovered in Wattpad. I was already hooked on the first chapter, even when I read it for the second time.

One thing I really loved about the author's way of writing is she never tells the readers what to feel. Summer Leondale, the brave protagonist, already has the power to voice out her feelings through words. Humans have the ability to recall, and by that, the author used that to tug the heartstrings of her readers. She successfully captured the right emotions for a particular part of the story. (view spoiler) And her plot twists. She knew when to drop the bomb, and I just cannot help but ask for more till I reached the end.

One thing I did not really like was the fact that Summer Leondale is too stupid. She acts before she thinks. I cannot count how many times I want to tie her up and lock her in a cage and drop her to the ocean.

Saw in the bookstand, promo of Summit media na may libreng lumang magazine. First, wala masyadong interest. Pero sayang ang promo.

Yun pala masyado ko 'tong nahusgahan.

Because it's BEAUTIFUL. Guys, hindi 'to OA pero promise isa 'to sa mga best books I've ever read as in super, based on my standards. Hindi siya perfect—oo, may mga grammar problems and typos. Isisipi ko yan sa editor and publisher. Magaling kasi ang author.

Why?

1.) Summer Leondale. A strong, impulsive, mysterious, brave and annoying character I learned to love through the pages.

2.) Speaking of pages masyadong pampa-page-turner ang librong ito kasi solid ang curiosity feeling every paragraph.

3.) Ang gangsters. Not the cliché, porket-cute-and-medyo-bad-boy-gangster-na-agad type. REAL gangsters. Sa una nga nagbuntong-hininga ako kasi gangsters na naman. Pero...naaawp!

4.) Van Freniere. HAKAHSHSISNDDHJD. Basahin niyo para makarelate ka.

5.) The flow of the story. Hindi basta isusulpot ang background story nito or niyan agad-agad like most of the pop fictions. It waits for the right time and the right timing.

6.) The characters. Icompare mo sa pagka-solid ng characters sa Harry Potter. Ganun 'to kaperfectly visualized.

7.) Incidents. Very unpredictable.

8.) Plot. Ang fresh nang story na 'to para sa'kin.

9.) Wise words, quotable sentences and dialogues.

10.) The FEEEEEEELS.

Well, WARNING: wag mong susukuan ang grammar probs tulad ng mga 'was' and past-tense words na hindi naman dapat nakapast-tense, ang ugali ni Summer, and etc sa umpisa. Don't give up on the flaws of this book until page 200. Because starting from that page, the real story and everything nice is really close to its start. Saka you will learn to love Summer Leondale, understand and be considerate of the grammar (konti lang naman siya guys. Kung tutuusin medyo deep and intelligent words din ang ginagamit most of the time), and some flaws because the story itself is REWARDING.

Recommended. Trust me. You will love this book. :)

One thing implanted in my mind after reading this amazing story is that the eight hours straight of reading it was definitely worth it! Reading this story from chapter one till the end gave me a never ending thrill. Para ka kasing nasa loob ng Labyrinth trying to figure things out...with full of questions and unexpected answers from the thrilling twist and turns of events because of the characters unpredictable move and thoughts in the story.

Im always lost with words whenever I attempt to describe this story with just one word. Amazing? Superb? Great? Hindi ko alam. It feels like no words are enough to express well a reader's multiple feelings towards this story.

### **Sui says**

A must read for those who admire villains, mafias and Superwoman wannabes. Really enjoyed the spinning of tough events inside Montello High.

I'm so ready for Book TWO.

### **Kim says**

I was not able to read this book on wattpad but when I saw the physical copy of this book, I decided to give it a try. First, the cover really got my attention. I like how the outside looks like.

When I got into the reading process, I was very amazed with how the sequence of events went. Very unpredictable and thrilling. Every sentence is worth reading.

The only flaw that I found in this book is the romantic parts. It doesn't have much spark. It could've been written better in a short yet sweet form. Unfortunately, the romance parts were not as good as the parts where there are actions and exciting exchange of witty comebacks.

This book is really worth it for just 250 pesos. Definitely recommended for everyone to read. Best for teens who are looking for an action-packed story.

Discovered this book in its early/starting stage. And I got hooked immediately! I was never one to wait patiently for updates specially if the book only has like 2-3 chapters and I know that there's still more to come, but Montello was one of the exemptions!

### **Rea Rubrico says**

The best wattpad book I have read. Not your typical gangster/mafia story. And the words were just awesome just like the author ♥

---

### **Kristine says**

I GOT HOOKED! This is so addictive to the nth level! Kudos for the author (Y)

I couldn't put this down from the moment I've read the first chapter! This is really how I love the book, I got seriously pissed when someone or something always interrupted me in reading MHSG. I love the pacing, development of the story, emotional chapters etc. Hopefully this one must be turned into a good movie adaptation.

Well, Summer is an irritating annoyingly bitch ("confident woman") but I can't hate her because that is what makes her unique.

As for the other characters mainly the guys, Jin, Tyler, Makki and Van I will really miss you!

**5 out of 5 stars!!!**

THIS BOOK IS JUST SO AMAZING!

Okay. This story is amazing and the author, herself. I admire the author so much like how I admire Summer's attitude. I remember declining all the gangster-stories on my friends' book recommendations list for I am not really a fan of those. But I got so curious about this book. It's like everyone is really waiting for this book to be published. And I was like, *wow. This book deserves a try.*

**And I am really glad that I did.**

When I saw the book in the bookstore, I immediately grabbed it. I started reading it after two days, and as I read the first chapters I really can't stop myself from reading this amazing book! I really can't put it down. And when I finished it, I want more.

And another thing I love about this story is its **unpredictability**. Usually, I already know (by guessing) a story's twist after reading a few chapters but **Montello High** is really different! I felt like I'm reading Hunger Games. This book brought out all my emotions. Definitely a must-read!

I really admire Summer Leondale and Van Freniere. Jin, Zach, Jamie and Mirden, too. Actually, almost all the protagonists. **But my favorite is, Tyler Del Valle.** Who wouldn't remember this young boy who showed us his great heroism? He made me cry so bad. I remember *Gavroche from Les Misérables* through him. Thank you, Tyler, for protecting Summer.

Hand down to Ms. Shiela May Familiaran for this great story. Thank you for making me laugh, love, cry, confused, curious, angry and scared. You are wonderful.

**Montello High, see you at the movie theater soon!** You are my one of my ultimate favorite books ever.

IT'S 5/5 'COZ I'VE GONE GAGA OVER THIS PIECE!

I love the dark and mysterious personality of Van-uuhhhm, right! I actually love everything about Giovanni Freniere. He may not be the perfect prince charming but for me he's one of those perfect protagonists I love to have in my book collections.

Summer, on the other hand portrays a badass chic character. She's in between the row of bravery and stupidity. I'm super duper like her attitude.

Another character I would not forget is Detective Penber-the Sherlock Holmes of the story. He's like the chess master tryin' to control every game. And yeah, making the story of Van and Summer really thrilling.

Everything about this piece is amazing from the plot, character and the way Siel wrote it. Also, the lines-the lines that made the story even more interesting. Ahamazing indeed just like the author herself. A Filipino fiction treasure.

**Chenley Cabaluna says**

Yung Wattpad version lang ang nabasa ko. Hindi ko pa nababasa yung naging book. I'll be totally honest pero prejudiced ko lahat ng gawa sa wattpad noon. Lalo na 'to. Sabi ko, ano ba yan, may gangster na naman sa title! Hahahaha. Alam kong hindi ako ang audience ng mga story sa wattpad so wala akong karapatan maki-chorva dun pero I was totally wrong! Ahahaha! Ang daming magaling na author & writer dun. Hindi lahat ng nasa wattpad eh landian lang okay. May mga hidden treasures. Ahaha. Isa na ito dun. Ang ganda nito. Para akong nanunuod ng series sa HBO or nanunuod ng anime. Alam ko kung maganda or hindi dahil I've read a lot of books before this.

Alam kong maganda ang isang gawa kapag hindi ko siya maibaba. Kapag hindi ko siya mahintong basahin. Kapag alam mo yun, inuna mo na siya kesa sa physiologic needs mo HAHAHAHA. Isa ito sa mga nakasira ng sistema ko for a while and kept me awake till the break of the dawn. Hihi.

**BEST FILIPINO YA BOOK EVER!!!**

**I mean...seriously. Like, this book could actually be lined up with international books that I know!**

The plot might look cliché but think again because the plot is not even giving half of what really is happening inside the book.

Yes, the girl is rebellious. And yes, it is about gangsters. But no, it does not have gangsters turned lover boys. The gangsters you know are the gangsters you get. (Even badder and dangerous)

I don't want to spill some details but if you really really don't mind being spoiled, then continue reading this review.

(view spoiler)

I also dig Summer's character. How dark her world is and how everything about her was placed for all the right reasons. The way Summer was made was just genius. She's the type of protagonist that you'll want to scold and root for at the same time.

It had an ounce of humor as well that made me laugh for a few moments. One good example was when Summer decided to sneak in at Van's room and suddenly, Van enters and Summer had to hide inside their closet. I was laughing so badly at that scene and the scene after that!

What really blew me away, though, was the mafias involved in the book. Like, the action in the book just became wilder and darker as we get deeper through the story. You'll realize your being taken to a deathly world without knowing it. \*smirks\*

And oh, the romance! I could not even talk about it without feeling giddy about the two ~~kids~~ persons that we have. The romance is cute at some points but dark and deep in a few moments. It had its fair share of moments and the kind of romance involved in the book played a major role in how the story goes.

Over-all, Montello High is an adventurous and ambitious book that could rampage to every book ranking list. It is genius and unique and it's own way and I think that this book could hop to international booksellers if polished quite more.
