My Feisty Kitten Joyee Flynn

[Ménage Amour ManLove: Erotic Alternative Paranormal Ménage a Trois Romance, M/M/M, shape-shifters, vampires, fairies, light bondage, sex toys]

The peril facing the shifter community has led people to relocate for the purpose of protection. During such chaos, fate brings the seemingly unlikely trio of tiger, fairy, and vampire together.

Sasha Donovan is a saber-toothed tiger shifter who selflessly jumps in to help the fleeing families. Finding his mates gives him hope for the future.

Imogen Milford is a prince of the fae with an intense hatred for vampires. Sasha does not hesitate to rescue Imogen when he finds the enchanting, powerful fairy bruised and battered after a narrow escape.

Aaron Loman is a vampire who recently parted from his longtime partner. Now that he has found his own mates, he truly wants everything to work between them.

As these mates deal with the oncoming threat and each other, will Imogen and Aaron be able to reconcile or will Sasha be torn between them forever?

Davina says

really enjoy this, most of the book was the meshing of mates together and dealing with fae/vamp effect. i like how the fae dealt with his vamp mate by trying to include him in project and not just jump into bed then go wild. he was cautious till the end. kitten had it a bit hard being in the middle trying to keep thing smooth. it got a bit busy near the end with all the faes, vamps, wolves and tigers. but in all it end on a happy note

Maya says

I like how the series is not JUST about the couples, and we are getting more about the bad stuff that goes on behind the scenes.

Gwengwel says

Presently reading.

In book 6 Aaron's was Aaron Rayner. Now it's Aaron Loman.

Again the editing team at is best at Siren!!!

Edit: Finish.

For three quarters this was a pretty good book. Then it all got over the top and over done. And of course they're talking babies before they're even fully mated.

My Feisty Kitten [Purrfect Mates 7]

This was just as great love the series and can't wait to read the next book in this series and I will be reading it next....

Tina says

This is a first person story.

This series is better read in order.

CoffeeTimeRomance andMore says

Joyee Flynn successfully offers another chapter in the Purrfect Mates series. All of the characters captured my heart and compelled me to read the whole story in one sitting. I found the anguish of these wonderful men becoming entangled with my emotions and before I knew it, I was deeply involved. I highly recommend My Feisty Kitten and Joyee Flynn.

typical joyee flynn serial romance. nothing fantastic, nothing so bad it can't be finished. what is typical joyee flynn? imagine a shorter harlequin romance but with no t&a (see, i was going to write no surprise pregnancies, but... yeah.).

out of sheer laziness, i will be using this as my template for all books by :
joyee flynn
sunny day
lynn hagen
stormy glenn
scarlett hyacinth
carol lynne
gabrielle evans

unless otherwise noted. i'd apologize, but i'm not sorry. i figure it's about as much time as they put into their books. dammit! well, i made it all the way to the end being rather moderate in my assessment. that's a win

Sabi says

I like it a lot, good story. Communication is everything.

Sanet says

urrggg... now we have fairies ... with girly wings... that still moan like sluts ... sigh... this series has taken a tumble for the worst :(

Isabella says

I love the introduction of the fairy in the series. Build up magic.... yum!!!

Rachel says

And now she adds fairies?

Did anyone notice that Aaron's last name changed from Rayner to Loman in this book?

Ok so finally we get back to the Donovan saber-toothed tiger family who have mysteriously had nothing happen to them for several books.

In this book the is the unlikely trio of a tiger, fairy, and vampire together.

Sasha Donovan is a saber-toothed tiger shifter who while selflessly help other fleeing shifters relocate. While on a run to help a family of shifter bares move Sasha a blue light out if the corner of his eye and goes to investigate. That blue light turns out to be non other than his mate.

Imogen Milford is a prince of the fae and second inline for the thrown with an intense hatred for vampires after they killed his parents.

Sasha does not hesitate to rescue Imogen when he finds the powerful fairy bruised and battered after a narrow escape from a bunch of vampire.

Sasha brings Imogen to a vampire coven and quickly realises his mistake when several of the vampires start eyeing Imogen like he is tonights dinner, and at the same time finds his second mate.

Aaron Loman is a vampire who recently parted from his longtime partner. And is crouched when he finds that one of his mates is afraid of him.

Sasha, Imogen and Aaron end up at Sasha's brother Avery's home with his mates and their three adopted baby lion shifter daughters.

Ok I'm going to stop there because that is just the set up for the rest of the book, however I will say that throughout the entire book I feel sorry for Aaron because he gets the short end of the stick because of Imogen's fear of vampires. I think I personally would have walked away.

Anyway I did not enjoy this book as much as I did the others in this series and I can not say why. 2 and a half stars for effort.

Serena Yates says

The combination of different types of paranormals is half the fun of this series. At least one is a saber-tooth tiger (or other big cat), but as for the other two, that is always a nice surprise. In this volume Sasha, a saber-tooth tiger shifter, truly has his hands full with a fae prince who hates vampires and a vampire who wants nothing more than to find and love his mates. How much more difficult can it get?

Sasha is always rescuing someone and one of the nicest guys around. It was particularly hard for him to be torn between two men, one of whom hated the other. Imogen, once I found out why he hates vampires, was easier to understand, and he does redeem himself and show wonderful growth by the end of the book. Aaron, the vampire whose long-term friend/partner just left him because he found his own mate, fears to be rejected again. What a mess! Add some attacking zombie-vampires and the confusion and tension is just right.

If you like unusual shifter and paranormal pairings, are interested in following an emotional confrontation between two mates who know they'll have to share the rest of their lives together, and want some hot sex on top, you may enjoy this light read.

Caroline Brand says

3.5 Stars

Sasha, a sabre toothed jaguar shifter, is busy helping keep other paranormals safe from a war that is raging on when he meets his two mates. One is a fairy called Imogen, powerful and thousands of years old, but absolutely terrified of vampires after watching his parents die at their hands. Their other mate Aaron, of course a vampire, adds real confusion to the proceedings.
