Morgan Holland is a beautiful, young, waitress who has struggled to find her way in life. Unlucky in love and unsure about her future, she has a chance meeting with someone who offers to change her life.

In book eight, Morgan spends a few days with Tanner, the sexy man from down under, (I'm sure we all know how that goes) then she ventures over to New Zealand to meet her next client. Aiden has second thoughts about using Julianne's service, but when she books an early flight for Morgan, he doesn't have a choice. After he sees the beautiful blonde, will she be able to convince him to stay?

Excerpt:

“I live just outside of Auckland, on a farm.” That was all he said, and Morgan was ready to slide over and ask him to spell farm with his tongue all over her... “Have you ever been to Auckland?”

“No, I've never even been to New Zealand, but I always wanted to.” She realized that she had been squeezing the life from her fingers, and wondered how long she had been strangling her own hands.

Come to find out his wife had passed really explain a lot to Morgan on why he was acting this way. Aiden just need a good push in the right direction. Morgan and her friends are to funny for her own good with angel, ang, and the rest of the bunch she is always going back and forth on her emotions.

Yummy - this episode included a side trip for Morgan to see Aussie Tanner for a few days before she meets her new client, Aiden in New Zealand. Morgan thought she was just going to visit Tanner as a friend, but it didn't take long for them to end up in bed together - who can resist this sexy man! And Aiden - he was suffering after losing his wife a year ago. He thought he wanted some company but wasn't ready to date, but he was ready to send Morgan back as soon as she arrived. Of course Morgan's infectious personality quickly changed his mind and she helped another man along with having a sexy week.

After the very short trip to Rio, Morgan spends the rest of the week with Tanner. Tanner lets his jealousy get the better of him when he sees a text on Morgan's phone from Finlay. The events that take place are kinda comical. Tanner gives Morgan her own room in his home, in hopes of seeing her again. When she reaches New Zealand and meets Aiden, Morgan is left speechless from the mans gorgeousness. She learns that he lost his wife over a year ago and is having a hard time dating and wants to send her back. Morgans winning personality and a severe storm keeps her there for the week. She teaches Aiden that it is ok to live and be happy. By the time she is leaving he doesn't want her to go. Off to Sweden next. :)

Before Morgan heads to New Zealand, Morgan flies to Australia to spend a week off with Tanner. After her confusion over her two favourite men and with some sound advice from Angel, Morgan decides to be honest about her feelings for both Tanner and Finlay, and lays it on the table for them both. Tanner, finally realizes he loves her and that Fin is a real competitor. I really enjoyed her stay with the Aussie spunk, they have a lovely blossoming relationship.

Morgan leaves her extra belongings in a room at Tanner's because she no longer has a home and so she has a reason to come back often. <3

In NZ her widowed client plans to send her home as he's not ready for the situation, but once he meets Morgan and she has an awkward moment, he opens his broken heart to her and learns to live again. Aiden was sweet & lovely and of course Morgan made him realise what he'd been missing out on since his wife passed. She also reunites him with an old friend.

My only beef with this book was that Morgan's time with Aiden in New Zealand was very short compared to her time in Australia with Tanner. But there was still some sexy moments, but the emotion was the winner this one.

### **JG ~ Jezabell Girl & Friends says**

Another book, another country and another hottie for Morgan.

In this story Morgan returns to Australia to spend some time with the delicious Tanner (and his kangaroos!!!) before heading over to New Zealand to enjoy Aiden's company. Aiden is sweet and unsure of himself and despite trying to cancel Morgan's booking he soon falls for her charms and relaxes into a comfortable few days in her company.

I really enjoyed this book and the welcome return to Tanner but I also enjoyed the tenderness that Aiden portrayed.

Morgan is still a laugh a minute as well though and the blend of humour and sexiness is brilliant in these books.

Next, off to chilly Sweden!!!!

## **Cindy Caron says**

Oh, you have done it again. You have grabbed my attention and kept it right up to the last word. The beautiful Morgan is at it again. She has left another broken heart in Rio, only to revisit with Tanner in Australia. As they finally have the chance to really get to know each other, their relationship grows. We can only hope to see Tanner again in the future, as he has now set Morgan up with a room of her own, and convinced her to leave her extra "stuff" there until she needs it.

Off to New Zealand and the gorgeous Aiden. Heartbroken after his wife passed away a year ago, he is in definite need of Morgan's special love.

This series is so captivating, it truly is hard to put it down. Even though there has it's fair share of sex, there are many lighter moments and messages hidden away between the lines. It could melt an ice queens' heart. With so many wonderful men, who needs anything more? Off to Sweden. What new adventure will Morgan find herself buried in this time? Time to find out.....
