Up till now this manga has been very lighthearted. Well that ends in this vol!! There are of course funny moments, but holy cow man!!! The serious turn this volume takes was very surprising!! The battles that are fought in this, truly reveal just how close Tsuna's 'family' are. It really is nice to see to what extent this reaches.

Now, I can't really reveal just who the family's opponents are because that will spoil it, but this time. This is no game. These opponents are out for blood. They are very powerful, even giving Hibari trouble!!

Tsuna and his family just have to make it out okay!!! And Tsuna, eeeep!! He has to be okay too!! The guy has to learn how to fight without the dying will bullet!!! C'mon guys!!! U have to win this fight and make it out alive!!!

I have no doubt that this will motivate Tsuna to become stronger or maybe try to distance himself from the people he cares about. I mean, there have been dangerous guys before, but NOTHING like this before. Just wow. I wish I could read the next vol right now, but arghhh can't!!! And this vol just had to end on a cliffhanger too!!!

Truly, all these last volumes have all been leading to this. This is where the real fight and just the battle for survival begins!

Love this series.

If you want a crazy, fun read this is the manga for you. I still can never predict what is going to happen in this series. There are new characters being introduced again. These characters some of them have escaped from jail and are working together to take out Tsuda.

This volume has the normal fighting, blowing up things, and the kids Lambo and I-pin doing some wacky things. Also in one big fight you have Bianchi throwing poisonous food.

These new characters certainly are making things lively.

So the dying will bullets are made inside Leon? Fuuta's ranking ability played its role here as students from Namimori are being attacked by rival school Kokuyou by rank (marked with the lost of a number of teeth). It was revealed then that Fuuta was kidnapped by this group. The several fights involving Tsuna's friends and Mokuro's allies are great considering that they are the first serious 1 on 1 fights that they are involved in the series. I particularly like the part where Tsuna had to choose following Bird's demands as he had Haru and Kyoko hostage but Reborn's experience allowed Shamal, Lambo, and Ipin to keep an eye on them while they were away. It's also great how they involved Hibari in the early parts but was handicapped by the Cherry Blossom Disease from what seemed like just another comic chapter. Takeshi's development from one who may die for baseball to someone who can die for his friends is cliché but works well in this case. This makes those Fukushima 50 guys (see current events) really quite normal in Japan. And I really admire the Japanese for it.

Now we are getting somewhere. All this is leading up to an awesome battle. First they have to work their way up the ladder of Mukuro's men. Then, somehow Tsuna has to defeat Mukuro himself. It is going to take a lot of will power, but I have faith that they can pull it off.

Well, the manga took a hard right turn in this book, going from short, one to three chapter arcs generally focused on comedy, slapstick and a bit of character development into something much more like a fighting manga.

Someone is attacking students from Namimori Middle School, in order for their strength, and it's not long before a friend of Tsuna's is among those targeted.

I love this change in direction. Making a hard turn toward the serious can sometimes be a really bad thing in a lighthearted series, but in this case, I think the seeds were always there for more serious stories, and even with the new tone, they keep it lighthearted.

In this volume, we get to see the bonds of friendship in Tsuna's family truly tested for the first time, which I found to be a pretty enjoyable reading experience.

OH MY GOD. THIS VOLUME IS VERY AWESOME.

Salah satu terfavoritku lagi! Karena, disini kita akan disuguhkan pertarungan yang sesungguhnya. Bukan lagi pertarungan lawan ecek-ecek, dan biasanya berakhir dengan konyol. Bukan. Aslinya pertarungan kali ini melibatkan banyak luka, dan darah, dan pengorbanan. Bahkan pertarungan ini pun membuat seseorang

semacam Hibari Kyoya kewalahan. SHIT. Ini menunjukkan betapa seriusnya pertarungan yang ada di buku ke-8 ini.

Musuhnya Mukuro. Well, akhirnya Mukuro yang terkenal ini datang juga. Pertama aku kenal dia sih lewat fanfiction yang aku baca :D Hahahahahaha. Jangan tanya deh genrenya apa :p Yang jelas, si Mukuro ini dipasangin sama si Tsuna. #kyah

DAN..... ASDFGHJKLASDFGHJKL

TSUNAYOSHI JADI KEREN BANGET GILAAAAA!!!!

Awalnya aku bener-bener ngerasa kasian gitu sama si Tsuna. Dan malah terbiasa sama karakternya yang lemah. Tapi di sini... Di sini.... ASDFGHJKL DIA JADI BADASS GITU GILAAAAA. Keren banget!!!!

Di buku ini, dia di kasih semacam item baru dari si Leon itu. LOL. Kocak sih, namanya juga si Tsuna. Wkwkwkwkwkwk. Tapi seriusan. Si Tsuna jadi keren gitu. Dan di buku ini, dia bertarung penuh lawan si Mukuro. Mukuro bakalan gabung sama Vongola ga yah? \*kuharap iya sih\*

Seperti apa akhir pertarungan Mukuro vs Tsuna? Lanjut ke vol.9!

p.s : WAJIB BANGET BACA INI. GILA INI KEREN!!

Purée je suis tellement attachée à ces ptits gars. En tête, Gokureta et Bianchi <3 je les aime d'amour. J'adore I-Pin et Lambo, ils sont tellement trognons tous les trois avec Tsuna. Et là... on a encore atteint un level de "oh non vous êtes trop chous une vraie famille trop mignonne vous vous aidez les uns les autres..." mais aussi de "oulà ça chauffe quand même, j'espère qu'il ne va rien arriver à mes chouchous. sinon... ça va mal se passer !!"  
(ça, c'est de la critique constructive ou je ne m'y connais pas)
