From Reader Review The High King's Daughter for online ebook

Dena says

This is a great introduction to fantasy for kids. I hadn't read the others in the series but it didn't impair my ability to understand the story. Very short and suitable for younger readers.

Nidah (SleepDreamWrite) says

Wow I completely forgot about this one. I remembered ordering books from school. It was the Seventh Tower series and this one. I mean the cover is one of my favorites. I always remembered it but not the title. Finally found it and faintly remember liking this. Fun classic fantasy read.

Mother Goossen says

6-year-old liked it but found it a bit tense and scary at times. Also, thought the ending was boring.

Iria Cardoso says

Adorei! Passado no tempo medieval, num outro mundo, as aventuras são fantásticas quando um miúdo descobre que pode fazer magia e ingressa numa escola de feiticeiros. Um Harry Potter um pouco menos adulto, com uma história diferente e que deixa o leitor a querer mais e mais.

Modern Girl says

I didn't really like the conclusion to the series very much at all.

Mary Catelli says

Wrapping up Randal's story. This and The Wizard's Castle, like the first two, are tied strongly to the earlier ones, and each other.

Randal, Walter, and Lys are escorted to Elfland by Madoc -- who can't come with them. They must go alone to bring back the High King's daughter and rightful heir. And once within, Randal finds that what superficially looks beautiful is tarnished and flawed. And the Erlking promised to keep her safe. . . this story involves Lys playing the king, Walter's asking for a ransom with care, Randal's truthfully describing a banquet as the worst food he ever ate, a loophole in a magical circle, illusions, and much more.
