## **What Happens in Charleston...** Rachel Bailey

Money has always given Matthew Kincaid whatever he wanted. Yet now his son needs something even his millions can't buy. The widower's sole recourse is the surrogate who gave birth to his child—for she is also the boy's true biological mother. Susannah Parrish needs no prodding to offer her assistance—a child's life is at stake. But to their mutual surprise, the minute she's back in Charleston and residing in Matthew's home, passion consumes them. Is this a relationship doomed by deception? Or is it the one chance at a love they both secretly crave?

## Susan says

Good book. Matthew was desperate to get the help his son needed, and Susannah was his best hope. No one in the family knew their secret, but he had to try. Susannah had no problem providing that help. What neither of them expected was the immediate attraction they felt. But Matthew was suffering from a huge amount of guilt over Grace's death, and didn't feel he deserved any happiness, especially considering the promises he had made to Grace. Susannah also had issues of her own with the wealthy people of Charleston. Her grandparents had made her mom's life miserable, and her exposure to that lifestyle had been unpleasant. There was a lot of soul searching needed before they were able to find their happy ending.

## Debbie DiFiore says

### Stay in Charleston.

Odd book about a surrogate that may need to donate blood marrow for the baby she carried. Of course the wife conveniently died so now the Father is single and he wants the h. And they hook up and hook up again every night while the boy is in the hospital. Unbelievable because of your kid is sick you would be there with him right? The book was very boring and I hAve read other books in this story that were better so it is part of a larger ser

## May says

3.5

Slow and long

However at the end it was worth it

---

## Christine (KizzieReads) says

A little slow at the beginning, but happy to be reading about Matthew's story. His wife died a year previously, and now his son is extremely ill and might need a bone marrow transplant. Unfortunately, Matthew is allergic to penicillin and can't donate. But he has a secret. His wife was not able to have children, so they had a surrogate carry the baby, as well as using her egg. She might be the only person able to help Flynn, but no one knows this.

I did enjoy this, but probably would have enjoyed it more, if I had not had a migraine and time limit to read it for a challenge.

## Al says

Sweet story but I can tell the author is not American! No one says interstate in the US.

## Nas Dean says

WHAT HAPPENS IN CHARLESTON by USA TODAY Bestselling Author Rachel Bailey is a February 2012 release by Harlequin Desire.

Matthew Kincaid is a single dad struggling with his emotions as his three year old son is in hospital. What will Matthew do now that his child needs his biological mother's bone marrow? Matthew calls Susannah Parrish and in an instant she is ready and willing to do whatever needs to be done to save the life of that little child. But at what cost to her? Won't she get emotionally attached to the baby Flynn? What about the simmering chemistry between Matthew and Susannah?

Will they act on it? And if they do act on their attraction, what message would it send to their little child?

WHAT HAPPENS IN CHARLESTON is a refreshing, captivating and breathtaking romance. The premise is exciting and the story keeps you involved from the first page. The relationship dynamics of a surrogate mother and her child is tenderly rendered. Little Flynn just makes a home in your heart. As Rachel Bailey's storytelling unfolds it comes to life and by the end we are left with plenty of surprises and perhaps what could be considered a good start for a sequel. Which I found to my delight is the case as there are more stories in the Kincaid Dynasty!

## Nina says

Great read. I loved how matt developed through the story. He is alpha but one who had the ability to realise

when he needd help and asks for it as well as going for what he wants. Susannah was a great way to bring light in the story that haf so much gloom but also developed with her fears coming to plau nut Rachael Bailey wrote it well. A bit too swet i thought i would sit better in the Sweet category but hey there was enough heat and desire to heat the pages.

### **Saly says**

So, we are back to the Kincaids and this time it is Matt, who lost his wife a year ago and whose son is in the hospital and he may need to go back to a secret, that their son's surrogate was more than that she was the biological mother.

When the heroine gets the call she is shocked but ready to come, even when she was carrying she knew her son was not hers and was getting a better life, soon she starts falling for the boy and even Matt but she thinks that he is still in love with Grace and their house is a shrine to her and also she doesn't want to get back to a life where her grandparents lived, one of wealth. She tried it and hated it and even got pregnant in rebellion as a teen and lost the baby and then she took up surrogacy to save her father's last memory for her mother.

Matt doesn't love his wife but feels guilt, their marriage was long over and on the verge of divorce and he wants the heroine to stay but she is not willing to settle.

I enjoyed the book.

---

### **Mombo says**

Perfect! Early in the story I had a feeling that our hero and heroine would have a reasonable and responsible resolution to the conflict in the story because it was the way Susannah and Richard presented themselves as mature and rationale adults. In the end, it was no surprise when there were no unnecessary dramatic scenes and we ended up with one romantic story about two people who deserve the best. Yay.

---

### **Kathy B. (Tx) says**

I'm not a fan at all of kids/babies in romance novels. To me they are a passion killer having the kids underfoot all the time. So I'm just giving this one an average rating. The only reason I did read it was because I want to read the whole Kincaid series.

### **Ann Lorz says**

What Happens in Charleston leaves you wanting more in the Kincaid series. I enjoyed reading about Matt and his son Flynn. This, like the prior book in series continue the main theme that runs though each of the books.
