Camylle says

Saddest of the series.

Rita says

Wow, I didn't see that coming. I still don't like the mom. She is manipulative. Enjoying the series.

K Denise says

What a great way to end the series. I enjoyed books 1 - 5. I am completely satisfied with how each character came across, how each developed and the ending. I'm surprised to say, I like Myra. If the series was going to be more, I would like to read more about Myra. There's a bigger story there. Overall, I loved Sharing Space, Chloe, Patrick and his raggedy mama. I would love a book 6, 7, 8, 9 and possibly 10. The author knows what she's doing to get the readers attention, forever.

Heather says

Another great installment, quite possibly the best in the series.

DKristin says

LAWD! That one was CRAZY!!! Don't let that Winter Wishes title fool you into thinking it's going to be all happy, happy, joy, joy.... BANANAS!!!!

Lucretia says

So far so good, onto the next!!!

Tina says

OK. This was a great installment. I didn't think she'd go there with Patrick's sister. But she did. Damn! I'll give a real coherent review once I've read the whole series. But this is shaping up to be one of my favorite reads of the year.

Kim says

Not your average holiday story--Chloe and Patrick have survived telling the families and friends they're a couple, but that's the least of their problems. A family tragedy and Patrick's ex threaten to derail their relationship.

A short, fun read told from both Chloe and Patrick's points of view. I've read the previous short novels in the series (which I definitely recommend if you want to follow the storyline in its entirety and keep track of all the characters), so I knew the story would eventually head in this direction. Nina Perez has done a great job of creating characters who are both endearing and infuriating. They are not perfect--and really who wants to read about perfect people?--and that's the beauty of them.

Can't wait to read part six...:)

Joseph says

This book does an excellent job of mood whiplash...and it's so good. One minute you're sad, the next minute, you're angry, then...GOOD GAWD! Definitely worth picking up!

James says

The penultimate part of Ms Perez's six part series reads as perhaps the best so far. There is tragedy in these pages. But will this serve to bring Chloe and Patrick closer together, or break them up for good. You're going to have to read and find out.

Nicole Clement says

Short, easy read. Very much kept my interest. Out of my usual genre of interest for sure.

Taz Will says

Not a surprise with what happened with Charlotte other than I thought Orbit would do something way worse to her himself. I guess in all she did suffer but I thought he'd be the one to pull the trigger or beat her or something like that. Patrick's mother was something else when she showed up at Chloe's house. I can see Patrick's ex is not as clean as she was said to be, seems like she's really trying to stir up some mess for them.

Deviki says

I loved it very very much

Alot of intense drama and not so intense that you feel like you want to throw something, just enough drama for tension purposes as in 'the plot thickens built up' thingy.

I adore this book and already on the next one

KBeautiful1 says

Oh man, Oh man...This story is brilliant and I am sad to know that the final book which comes out this month will be the conclusion to Chloe and Patrick's story...But what a ride it has truly been.
