A Bite Before Dying E.A. Price

Vampires and shifters don't mate. It's impossible, deadly even. Vampires and humans can. Vampires and witches – no problem! But vampires and shifters are incompatible. Unfortunately, the remorseless sabre-tooth tiger shifter trying to woo her doesn't seem to have got the message.

Faced with his incessant attentions, centuries-old vampire Juliet finally gives in and allows him to tag along on her investigation into the death of a cougar shifter. His short-tempered approach has its uses, and she finds herself increasingly attracted to him. She hopes he will grow bored of her, but as their relationship grows, Juliet fears for their future. Especially when events take an unexpected turn and a long-held vampire secret looks set to explode.

Caution, this does contain swearing (there's a lot of use of the f word!), as well as scenes of a sexual nature with m/f interaction intended for mature readers.

Pam Collins says

I love this series!

Price has created a wealth of compelling characters, and placed them in amazingly entertaining plots. The SEA and SBH series are must reads if you enjoy supernatural creatures, action, adventure, and romance.

Ellen says

I have to say this was a pretty good addition to the series. I liked how Ryder didn't give up even tho it seem like he had a lot to over come. He really tried to find the solution so that Juliet and him could be together. There is nice twist to this one that I didn't expect. This series is well worth getting and reading.

Captivating Book

I enjoy reading her books. She's such a creative author that once you start reading you are hooked and this one didn't disappoint in any way . It's a book that has humor, suspense, passion, and steamy romance with awesome characters? A must buy and highly recommended.

Sabertooth-tiger and Vampire Director for the SEA. Interesting relationship between these two.

Worth The Wait, Bring In The Next One !

Love the stories of the SEA. They have action, humor and romance. This story is about the head of the SEA, the mysterious vampire Juliet. The reader gets a glimpse of her past. Juliet keeps the world at arms length, showing them a cool and confident woman. It takes a persistent saber tooth tiger to penetrate the walls around her heart. This is one kitty that won't take no for an answer. This story was worth the read and I can't wait for the next one.

A Bite Before Dying

I have enjoyed this series so much. I've read them all in a row and have laughed and held back tears through all of them. Ryder and Juliet are perfect together. Can't wait to read Wolfman's story!!

3,5-4

Shelley says

A great story and that is what the focus is here, the story.

This one focuses on Juliet, a vampire and director at the SEA, and Ryder a sabre-tooth tiger we met in the previous book. Ryder proclaims that he is Juliets mate but she disagrees as if a shifter and vampire mate it means death and destruction to a third of her race. However Shifters are thrown together by fate and would fate be so cruel to this pair.

It's full of humour, intrigue, story and some sexiness. I really like this series and am looking forward to Wayne's story, I mean a gator right? I love Bears usually but a gator is fantastic.

A vamp and shifter mating. Yes -this saber tooth knows shes his mate but she's not sure. Another exciting book in this series

Barbara says

I am a fan of the series. I have loved the characters, the storylines. I have looked forward to each new story. A Bite Before Dying by far is one of my favorite stories.

BJ says

Funny story. The H is shifter (sabre tooth tiger) and is in love with a vampire. He insists they are mates, but her vampire family insist that to mate to a shifter is fatal to her and to her line. The h works for an agency, and is trying to solve a mystery and the H is always there. He is determined to protect her and help her. I liked how we see the H thinks, doesn't take himself seriously, he is not the smartest H, yet he is cute, oh and he might have smelly feet. He is not a typical H but the h finds she herself amused and likes him, then gradually becomes more attracted. Together they find the truth about shifter/vampire mates and also the mystery. It was pretty good.

I needed this book in my life.
