## **From Reader Review Around The Globe - Must See Places in North America: North America Travel Guide for Kids (Children's Explore the World Books) for online ebook**

**Anne says**

**Good suggestions.**

An excellent travel suggestion book. I definitely got some great ideas of where to take the family. I loved the photography of this book. The photos actually made me wish I had a larger tablet to read the book with. This book is probably meant to be a child's introduction to the beauty of all of North America. A good combination of Canada and strong in West/south west highlights.

**Anna says**

**Great book**

Great book. I never heard of some these places. The pictures are clear and colorful. Feel like I can just step into the picture and be there at that moment. It's a great way to get the children to learn about these great places. I would love to be able to travel to all these wonderful places. I would recommend this to anyone who wants to learn about these places. I received this product at a free or discounted price.

**Stacie Wyatt says**

**Around the globe: must see places in America**

I loved the pictures in the book from Horseshoe Bend to the Wave, and the Mayan Ruins in Mexico. I could barely read the words on each page. Some of the black lettering on a dark photo made the words hard to read.

i read this in exchange for honest review.
