*Sandra Brown*

## **Fanta C Sandra Brown**

Elizabeth Burke's days are filled with the business of running an elegant boutique and caring for her two small children. But her nights are long and empty since the death of her husband two years before, and she spends them dreaming of the love and romance that might have been. Then Thad Randolph steps into her life...a man right out of her most intimate fantasies. Tender, funny and deeply sensual, *Fanta C* is Sandra Brown at her best.

### **Lady Heather says**

OH. MY. GOD! ..... Sandra Brown be still my heart!  
This is the first book I've read from you and I think I'll 'stalk' the rest of them!

Even though this book was written 12 years ago... this is probably one of the most romantic/erotic books I've read in awhile.

LOVED the writing, characters, and story line. MY GOD...the fantasies this prudish character could whip-up were amazing!

This the type of book that your significant other benefits from as well \*wink-wink\*

...going to start the next story in the series (Adam's Fall)....IMMEDIATELY!

---

### **Kiss of a sniper says**

Bad translation in russian...sex scenes were cut out! I can't believe it.

It's like it has to be censored, cause it's porn for the russian publisher.  
(this is not the first time I saw this) No sex for russian romance reader!

I gave 3 stars, I didn't know they just threw out all the steamy pieces (lol, I need my sex scenes); dialogue was wrong translated as well. I really thought what a crap...until I found out.

### **Mia says**

Hot

---

### **Inés Izal says**

Descubrir a Sandra Brown ha sido todo un acierto, y debo agradecérselo a Mayu.

La historia de Elizabeth ha sido dulce, tierna y muy romántica. Si es cierto, que cuando leí la sinopsis y contaban que era viuda, iba un poco asustada, ya que las historias de viudas que se dan una segunda oportunidad para amar y yo, no solemos llevarnos bien. Pero la historia me ha sorprendido.

Elizabeth es una mujer fuerte, que pese al terrible golpe que recibe, sabe no solo reponerse, sino hacer frente a su vida siendo madre de dos hijos que son unos terremotos y encima abrir una tienda.

Thad es un buenazo, es justo lo que Eli necesita, aunque me he encontrado una escena un poco surrealista (Momento enfermedad y posible allanamiento de morada).

### **Aizawa Shiori says**

Nice,..

it makes my heart beat faster

---

### **Jam says**

love it.,

---

### **Koki says**

Elizabeth je v podstate milé, hanblivé žie?a - navonok. Vo vnútri jej tl?ie horúce a vášnivé srdce. Všetky svoje myšlienky dáva na papier... Neverí, že by sa jej v živote naskytla možnos? milova? a by? milovaná a tak všetku lásku sveta rozdáva dúškami svojim hrdinom. Sama ani netuší ako blízko má toho svojho pravého :-) Sta?í len pozrie? von oknom do susedovho dvora.

Jej sestra Lilah chce pre ?u len to najlepšie. Predsa mladá vdova s dvomi de?mi potrebuje nejakého muža. Takmer denne ju provokuje a bombarduje otázkami ?i už stretla pána P. a ak nie, dáva jej rady a podáva pomocnú ruku vo výbere. Aj ke? bezúspešne :-)

?o sa má sta?, to sa aj stane. Ni? netreba núti?, ani súri?. Platí to i v tomto príbehu.

Ve?mi romantický, miestami š?avnatý ...a so správnou dávkou vášne :-)

---

### **Ispas Teodora says**

Amazing book...Sandra Brown is full of passion and imagination ! She is one of my favourite authors ! If you are among those who love romance books, then you should read Sandra Brown's books, even if in some books are she pass the limit and describe in details some intimate moments. Lovely book !

### **Geo Marcovici says**

Si fanteziile pot deveni realitate!

---

### **Fran says**

Thad the mysterious neighbor,  
Elizabeth, feminine woman that lost her husband  
How will they romance begin? Between Elizabeth's fantasies and their real life

I rarely read this type of book (purely romance), but why not give it a try :-)  
I think this book is entertaining especially for the one who love romance story.

---

### **Brenda Ring says**

Very good book!!

---

### **Preeti ♥? (Romance She Reads) says**

Fanta C has a ‘fantastical’ premise but falls short of delivering.  
The h/H are well etched – the h, a wary ultra feminine widow with two kids and her very manly yet solicitous neighbor of six months. I don’t think his age is mentioned but he came across as an almost silver fox though not that old.

The h keeps fantasizing about a dream lover – sometimes during the nights but also in daydreams. She comes across as severely sexually famished/frustrated but doesn’t have the courage to act on it.  
The h/H have only acknowledged each other a few times from afar and she always shies away from any closer contact. The attraction is mutual but the h is unwilling to admit and allow anything more to happen. Her wariness results from her trying to keep her reputation intact, as she doesn’t wish to come across as the scarlet widow to her neighbors and the PTA ladies. That was a bit overdone and grates after a while but then the book is from the 80s.

I expected the story to develop into a full-blown affair by now with all her fantasies played out (which by the way she’s writing down and getting published on her sister’s encouragement) but the h keeps up with her skittish act. There is some making out now and then (outside the fantasies) but nothing much. It all seems like a delaying tactic by the h as well as the author.

Then there’s the om apparently waiting in the sidelines. He’s the H of the sequel (with her sister). That’s one flawed book but at least it was more annoying than disappointing like this one.

(view spoiler)

Another oddity in my opinion is that her husband has been dead for just two years and she's weaving explicit sexual fantasies with faceless men - and never with the dead husband. A person needs that much time for mourning and even for emotional, psychological, financial and daily routine adjustments especially with two kids around. Even the H questions her why hadn't she remarried in these two years? Obviously there can be no time frame for mourning and closure but is it just me who felt that two years is too short a time to bundle away a man whom you have loved and lost. So there were a few times when I felt that a longer period of at least 3-4 years would have been more fitting.

### **elstaffe says**

Not quite as good as The Little Dragon for sheer WTFery, but still pretty high up there for me for entertainment value. Looking forward to sharing this pain in a read aloud.

---

### **Judy Churchill says**

I read this book out of order, too. It really didn't make a difference. This book was charming even though it was mostly fluff. I enjoyed the characters.

---

### **Mel Ann says**

Elizabeth " The Widow Burke" has a very active imagination and she should express herself as the sensual sexual and beautiful woman that she is. Her sister Lilah is a character in herself and I love her. Her children Matt and Meagan are beautiful children and so loving, it's obvious they only want their mother to be happy and they miss what they lost.

In the fiery romance it's all to real. The interaction that she has with Thad Reynolds and Adam Cavanaugh is at the brink of bursting. And you want to be there for the end results.

Sandra Brown had me turning pages like no one's business and it's like I could feel the sheer heat coming from the pages.

---

### **JC says**

I read the description of the book it is so wrong. Fanta C is about Elizabeth Burke. She runs a little boutique of breakable things at a hotel. She is a widow and mother two kids. Life is okay but it would be better if she had someone to love. She passes time by dreaming up passionate scenarios. Things get out of hand when she decides to write them down and a sister sells them.

---

### **Tasha says**

This was my first Sandra Brown story to read and I fell in love I absolutely can Not wait to read more books by her

---

### **\*TANYA\* says**

Cheesefest!!! Super fun book!! I love Sandra Brown, have I mentioned that before?!????!!!!

---

### **Emma says**

I won this book through Goodreads First Reads Giveaway.

I have to admit that although I enjoy a wide variety of books, I have a real weakness for Romance novels. In saying that, quite often I find myself a little disappointed with them, more often than not the leading ladies start to annoy me and although I enjoy the journey and the steamy bits - by the time I get to the end I'm feeling a bit disappointed. Often I feel like I've just read the same book over and over.

Thats where I was coming from when I started to read this book, I was looking forward to getting stuck in, but I didn't have high expectations.

I have to say I was very pleasantly surprised. I found Lizzie to be the right mix of softly feminine but tough, slightly naive and stubborn and I actually related to her and liked her the whole way through the book.

I thoroughly enjoyed the story including the indulgences in fantasy that set this book apart from others in its genre because the 'cheesy' romance was reflected in the fantasies Lizzie shared with us which gave more depth to her character and meant that the reader could enjoy the cliches of the genre without the usual detriment to the plot and characters of the story itself. I know when I'm slapped in the face with cliches I normally find myself rolling my eyes, but I thoroughly enjoyed the way Sandra Brown worked these elements into Lizzie's own fiction within the novel.

I also really enjoyed Sandra Brown's style of writing. The book was fast paced without being rushed, and yet at the same time I felt I was able to ssavour the story and the developing romance between Lizzie and Thad. I found it to be a quick read and rather than being put away this book will remain on my bookshelf as one to read again.

### **Mo says**

A nice quick read. Thad is the sexy next door neighbour, with the cute dog. Elizabeth is a widow with two young children, a job, a kitten and a quirky sister.

Elizabeth's sister keeps telling her that she has to get out and about and start dating and not just live in her fantasy world. And Elizabeth does have an active imagination with her red hot fantasies ... an Irish stable lad, a hot pirate ... ya get the picture.

**Fighting the urge to stare at the wedge of dark hair his open trousers had exposed ...**

This was written well before she turned her hand to suspense. I prefer her later books, the ones with the mystery and suspense but this one wasn't bad at all.

Was looking forward to reading the next in the series about her sister!
