## Finder Fees Kelly Gendron

*“When you find her, there are a few things you need to remember. She’s smart and manipulative. She knows how to protect herself. She’s beautiful and she’ll use it to her advantage. But, Mr. Renton, the most important thing to remember... is that she’s mine.”*

J.T. Renton is worth millions. He wants for nothing. When he finds Sloan Mathis, he has to have her. Problem is she belongs to another, and J.T.’s not about taking another guy’s girl. But the idea that he can’t have her. Well, it just makes the challenge driven, J.T. Renton want his latest find that much more.

## Finder Fees ~ A TroubleMaker Novel

J.T. Renton is what you might call a Finder. But the one thing this former bounty hunter no longer finds is people. That is until he’s offered a finder fee he just can’t resist. What J.T. doesn’t know is his latest find comes with a hidden fee, one that could end up costing J.T. his well-guarded heart.

Sloan Mathis is on the run from her dangerous ex. So when she encounters J.T. Renton, it takes her a second to realize the arrogant, sexy, and oh-so-frustrating Finder has actually mistaken Sloan for her twin sister. And to uncover what’s going on with her gone missing sister, Sloan lets J.T. believe that he’s found what he’s been looking for.

## Angie says

~I received a free copy of this book to read and review for Wicked Reads Review Team~

I love this series and I have read each book. This can be read as a standalone however, characters from previous books do make an appearance. JT is uber rich and wants for nothing, except one thing, and this job will get him that, it will be his finder's fee. What JT doesn't except is not only does he want his finder's fee he wants what he is being paid to find too. Sloan is hiding from her ex-boyfriend. When JT and Sloan meet they both are instantly attracted to each other. Two days together and tension is high and they each have a mission. JT wants to get his finder's fee and Sloan to find out what is wrong with her twin Max. This is a fast paced story and you can't help but love Sloan and her sassiness and JT and his alpha hotness. Things are always what they seem and everyone has things in their past that they can't get past or need to work through. This is a great addition to the series and I can't wait to see what happens next.

Characters: The characters were well written

Sex: HOT, so so HOT!

Religious: no

Would I recommend to others: yes

More than one book in the series: yes

Genre: Romance

Would I read more by this author: yes

## Emily says

J.T. Renton has been asked to find Sloan Mathis. Sounds like an easy assignment, he doesn't expect to find himself attracted to his find, for the first time J.T. wishes it was something different.

From the moment Sloan met J.T. she knew she was walking a delicate line. He doesn't know she is a twin, he has his own reasons for accepting this task. Sloan is about to discover who J.T. really is and what he really wants, her.

Very run read. There were several laugh out loud moments. J.T. is pure sensual man and Sloan is a walking seductress. Very entertaining.

---

### **Johanna Sawyer says**

Thanks to Wicked Reads for a free book to read and review. This whole series has been lovely and highly enjoyable reading. I was entertained this time by a unique and entertaining idea of finder fees. A price you pay to find something that has been lost. JT sets out to find Max but instead falls for her sister Sloan. The writing and storyline was very good, and the characters had some serious chemistry. I loved the way JT teased Sloan. Overall entertainment is four stars.

---

### **Ruthie Taylor says**

"I received a free copy of this book to read and review for Wicked Reads."

This is the fourth book in a series. It is definitely a great read as a standalone, but you would be missing out on a lot of good reading if you didn't read them all. There are some references that make more sense in context too.

Sloan was a favourite character of mine from earlier books, so I was delighted that it was her chance to enter the limelight. This story gives us an opportunity to catch up with old friends, but also brings a totally different type of drama to the page. I loved the twists and turns and the moments of angst, secure in the knowledge that Ms Gendron does not let her readers down. The chemistry between the leads given the circumstances in which they met, was fabulous. The talk of claiming and its implications was a theme that became ever more electric.

---

### **Rachael Orman says**

4.5 Stars

~I received a free copy of this book to read and review for Wicked Reads Review Team~

This is the second book in this series that I've read, but it's wonderful because each book is considered a standalone so you can pick up just one if you'd like.

JT wants for nothing.. Except the items he is attempting to find. It's what he's good at. He can find anything. He's been obsessed with getting his hands on one object for five years and it seems this object is just one job away. All he has to do is find a woman who has gone missing.

Sloan is hiding from her ex until she gets surprised on her side job of being a masseuse. Too bad she's really just being mistaken for her twin sister, but in order to make sure her sister is fine, she goes with JT.

The characters were very well written and easy to connect with, just like the other book by Kelly Gendron

that I have read. The plotline is original especially with the wicked crazy twist at the end (it's a sweet twist). I will definitely be picking up more work by this author.

---

## **Renee Entress says**

J.T. Renton is the whisper of finding things. After finding someone years ago when he was a bounty hunter goes horribly wrong he decides he will no longer find people. No he only finds items. There is one special item he has been searching for years to find. When he is asked to find a certain person they offer a way to get the item he most wants. SO this one last time he will find a person if it can get him the priceless item he wants.

Sloan working at her cousins tattoo shop when J.T. Renton finds her. He offers her to come with him willingly but little does he know he has the wrong sister. In the end will J.T. and Sloan get the ultimate find in each other?

After Sloan is found will she tell J.T. who she really is or will someone else tell him before she does? When Sloan is put in danger will J.T. be able to save her? Or will they both end up hurt and alone?

Loved both these characters in this story and we get to get a glimpse of Lucky and Kaley (from Lucky Numbers (TroubleMaker #3)). Can't wait for the next book in this great series!!

### **3 Pleasantly Surprised Stars**

#### My Thoughts:

I'm so glad I gave this a second shot after not really connecting with the sample!

I had some problems in the beginning because everything was just so unbelievable. The hero "kidnaps" the heroine because he has been searching for something for years and his finder fee for bringing her back is that item but it's not really a kidnapping because she agrees to go with him for the sake of protecting her sister.

The insta-lust was also out of control. Five minutes into their first meeting and he's already talking about spanking her ass and shit. And she's totally turned on by that.

And then she has multiple opportunities to run away but doesn't.

Oh and they go to a hotel the first night on the road and they're up there swapping personal stories! Lol. This guy is taking you to some stranger for a fee and you're playing twenty questions? This ain't no date!

But I decided to go with the flow and I'm glad because after J.T. finds out that he actually found the wrong twin and that she's actually single is when it picked up for me.

J.T. came across as a cocky asshole in the beginning but he has many layers to him that were a pleasant

surprise. He also gets brownie points for fighting for him and Sloan. He wasn't giving up on them ever and I loved that about him.

Overall, I enjoyed this story more than I expected to!

**Tammy says**

A fun, sexy action packed read! JT Renton is a finder and is hired to find a woman that belongs to someone else. The only problem is when he finds her he is instantly attracted and wants her for himself. JT is shocked to learn he found the wrong woman. Instead of find Max he found her twin sister Sloan. After hearing that, the only thing he can think about is making Sloan his and saving her from the danger she is in. JT is hot and sexy a wonderful Alpha, I loved him. This is an excellent series and this can be read as a standalone but I did enjoy them all. I couldn't put it down great characters and an exciting plot.

---

**Book-Bosomed blog says**

Jevon Taylor "J.T." Renton is a finder. He finds things; he finds people. His newest assignment is to find Max. Max's boyfriend wants her back, and he hires J.T. to find her since he's the best at his job. Well maybe not the best since J.T. just found the wrong girl!

Sloan Mathis is a massage therapist also working in her cousin's tattoo shop. She doesn't want to be found. Well at least not by her ex-boyfriend who she fled.

J.T. and Sloan openly flirt right from the start. Their bantering is entertaining as they try to match wits. There's insta-lust and insta-love, but it's a ton of fun and oh boy does it heat up.

J.T. is cocky, quick on his feet, and pretty alpha male. Sloan is equally quick with the comebacks, feisty, independent, and strong. Both characters are enjoyable, and while they may doubt they are right for each other at times, it's clear to the reader they are.

How long will it take for J.T. to figure out he's found the wrong girl? Will Sloan's ex find her? What's the story behind J.T.'s finds?

The plot has action, some suspense, danger, romance, and steam. This is a fun story about finding the wrong person and, at the same time, finding the right one. And every find has a fee...will this one be their hearts?

Finder Fees is the 4th book in a stand-alone series, Troublemaker. A preview of book five is included. I've not read the previous books, but they're going on my TBR read list now.

---

## **Veronica says**

I received a free copy of this book to read and review for Wicked Reads.

Hot, sexy, a little danger and a lot of banter back and forth between JT and Sloan makes Finder Fees a really fun read. I thought JT's job, helping people find items they have lots, was great and I think you could easily make an interesting series out of it on its own. I liked Sloan. She is tough, brave and did what she had to do.

I like the way Kelly Gendron writes easy to read, fun interesting characters with the perfect mix of story and steamy.

This has been my favourite book of the series so far. And the end we get a sneak peek of Fallon's story which is the next in the series and it has me crying my eyes out. I can't wait.

---

## **Anne Lange says**

This is the fourth book in the Troublemakers series. I've read all of the others, and each one is fabulous in its own right. I highly recommend them.

In Finder Fees, Sloan Mathis is trying to hide from an ex-boyfriend after seeing something she probably shouldn't have. She leaves everything behind and goes to visit her cousin Lucky at his tattoo shop where she helps him out while she also gives massages, a business she's passionate about. But she also needs to figure out what to do to get out the pickle she's in. Unfortunately, her latest client doesn't want a massage; he wants her--only, not really. But because her sister seems to be missing, Sloan is willing to do anything to find her.

JT Renton is a rich man who spends his time finding things. He loves the challenge. He does it simply to return these items, or people, to their rightful owners. And right now his biggest goal is to find a very special bracelet. When he's hired to find Max, who can apparently lead him to the bracelet, he doesn't realize he's actually found Max's twin sister, Sloan. The attraction between them is instant and hot. JT hasn't received his fee yet, but he's currently more concerned about not losing Sloan. JT knows there's something special about this woman, and he's not ready to let her walk away.

I loved these characters. They are fun, spontaneous and deeply loyal. Neither of them back down from a difficult situation. Sloan is very protective of her sister. JT is very protective of Sloan. He'll do anything to keep her safe. It makes for an interesting involvement and a fun read. I can't wait for the next story in this series.

Each book can be read alone, but there are characters that cross each story. I give this one 4 stars and highly recommend you read the others.

## **Dilek VT says**

I didn't like this book.

In some books, I feel what all the characters feel: the fear, the sorrow, the pain, the joy, the love, the hate, the lust... Those feelings pass through the pages to my heart so easily in some books... But not in this one. I didn't feel a thing all along the book. Nope, nada... Other than boredom, nothing... Maybe a little bit of anger, too because I disliked the characters...

The hero: Too alpha for my taste

The heroine: Too submissive in my opinion

I guess this book may be for the taste of many people who like this kind of characters but it didn't work out for me. I may be in the minority but let me clarify so that you decide if you will like it or not. Whenever so-called hot scenes involve spanking and hurting, I am out! Whenever the woman is too submissive, nope, it's not my cuppa. Whenever the alpha male starts to use phrases such as "I will brand you..", I am out of my mind!

Well, the so-called hot scenes were of this nature. But let me also give an example of the so-called romantic scenes:

"You like to play finders-keepers"

"What makes you say that?" I ask.

"Because when you found my heart, you kept it"

Tsk tsk tsk, is this supposed to reach my heart or what? Well, I thought it was so cheesy, unoriginal and definitely cliché...

Isn't there anything good about the book? Well, there is this action which is supposed to keep our interest but I found it boring and at the end of the book, there is this revelation of the finder's obsession about finding things, which is supposed to melt our hearts, alas, mine stayed as solid as an iceberg still because I failed to connect to the characters in the book...

Again, I must emphasize that my dislike about the book is because of the characters and the nature of their relationship - just not for my taste, that's all...

---

## **Nikki says**

When I read the blurb for this I was definitely intrigued. It sounded interesting and different. When I started, I was pretty hooked from the moment Sloan opened the door to the oh so sexy J.T. ;) I have to admit, I was a little thrown at first at the realization of Sloan being mistaken for her twin sister, Max. I wasn't sure how that was gonna play out but for the life of me, I couldn't put the book down. The story was pretty different than any I've read lately and I enjoyed that.

J.T was definitely an alpha, even if he was more of the corporate type. I really enjoyed the banter between him and Sloan. There were so many parts that I found myself laughing out loud at! I was happy that it didn't take too long for the truth about Sloan's true identity to come out, seeing as I wouldn't have liked an entire story where she was faking who she was. I really liked how J.T was new to the whole 'feelings for someone' thing but he still accepted that he was falling for Sloan. He was prepared to fight for her, even if he was fighting Sloan herself.

Sloan was a good heroine. She was flighty and ran from commitment, but she admitted this to herself and out loud. Even still, she knew that J.T was different and she wouldn't be able to run from the feelings she had for him. They were perfect together! :D And the sex, well, lets just say that I totally approved! ;)

The plot itself was well thought out. I was interested the entire time to see where it was gonna go. It kept me guessing and I couldn't stop reading. Sloan had a douche ex who I was just waiting to see when he'd pop back up, and when he did, well... I wasn't really expecting all that happened!

Overall, I really enjoyed Finder Fees! I thought it was a really great book and since it was my first from this author, I must say that I would definitely read more from her.

---

### **Christina Boronkas says**

I received this book in exchange for an honest review. To say it heated up my kindle would be a understatement and I read it at work and on my way to work. I love the chemistry of jt and sloan, it was unmistakable and remarkable. I found myself laughing at a lot of parts, going holy moly seriously? and other times just smiling. I love how the book keeps you on the edge of your seat and keeps you guessing as to what is going to happen next. This is the type of love we all kinda want but dont always admit to. The strong pull, the insisting on not giving up your control but having that incredible feeling that something great is going to happen. To be clear i have married the definition of the alpha male, and once they have have claimed us, they dont let go. I was happy that the book went the way i had hoped but also went in a direction i didnt expect. I look forward to the next book in the series.

---

### **Monique Machuca-Austin says**

**KELLY GENDRON, YOUR 5-STAR EROTIC NOVEL HAD ME ON A ROLLER COASTER OF EMOTIONS!**

This was the first time I have read a novel by Kelly Gendron, but this most definitely will NOT be my last. FINDER FEES is the fourth novel in the TroubleMaker series, but could be read as a standalone novel.

J.T. Renton is a "finder" and returns them to their owners. As a finder, he can look for something specific or sometimes even a person only wanting the fee he charges to do so. When JT received his assignment to find a 'missing' girlfriend named Max. JT's was given specific instructions to keep his hands off Max when she was captured, because she belongs to another man. JT cannot believe the request, until he meets her. JT soon discovers he did not find Max, but her twin sister – Sloan.

Sloan has had her share of bad men in her life, running from an old ex-boyfriend; she now works at her cousin's tattoo shop and a hotel, as a message therapist. When JT discovers he has found Sloan, Max's twin sister, all bets are off and the pages start to SIZZLE!

Unfortunately, Sloan is not looking for a relationship due to her haunting past. Will JT be able to break the walls around Sloan's guarded heart? Will JT only find himself with a broken heart?

Kelly Gendron does a magnificent job writing a captivating story that will have you feel as if you are on an emotional roller coaster laughing and crying.

Kelly Gendron's novel, FINDER FEES (TroubleMaker #4), receives - 5 AMAZING STARS!
