### **Kate says**

It's a shame this series doesn't really revisit characters, because I'd be interested in more stories about Millie and Alec.

### **Darinda says**

Read in Goldie Vance Vol. 2.

Goldie Vance is a teenager who works at a Florida resort that her father manages. She dreams of becoming the hotel's in-house detective, and helps the current detective on cases.

Fun read. A diversity filled, retro teen sleuth story.

#8 in the series. Goldie looks for a secret underwater base to locate her friend Cheryl.

### **Sierra the Nerdgirl says**

I still don't trust Cheryl. That girl is shady and ambitious a.f.

### **Kristin El says**

Unbelievable.

---

### **Hayley says**

Quite literally the cutest comic series ever.
