Love at the 20-Yard Line Shanna Hatfield

Brody Jackson lives and breathes football as a wide receiver for an arena team. Focused on his aspirations to make the NFL, he's blindsided by the love that intercepts his plans during the first game of the season. Possessing all the skills and talent to be the best at his game, Brody isn't properly equipped for the playing field of romance. It's going to take all he's got to score a touchdown with love instead of fumbling his chance at winning one sweet girl's heart.

Successful in business but woefully inept when it comes to men, Haven Haggarty has much to learn. Coached by her outgoing cousin how to pass and receive in the game of love, Haven keeps coming up short of the goal line. Falling for the local arena football team's handsome wide receiver, Haven realizes she needs to tackle her fears or lose a future with the man of her dreams.

From Reader Review Love at the 20-Yard Line for online ebook

Melanie Snitker says

Love at the 20-Yard Line is a sweet and clean contemporary romance novel. I enjoyed reading about Haven and Brody and their relationship. Shanna does a wonderful job of bringing in a number of other characters that add humor and depth to the story. A fun, easy read that was difficult to put down and left a smile on my face.

Diane says

Great book

I really enjoyed this book. There was lots of laughter, tears and just plain fun. I was happy that is a clean book as well.

Susan K says

Romance, clean, sensuality so PG-13

Cute fun romantic read.

Brody and his football goals and aspirations will he put love on hold to reach his dream?

Cute fall for this couple. Always love sincere, honest, genuine characters. They both stumble around a bit, trying to figure out the time limitation on this romance. Their misunderstandings and hurts, along with the well described romantic moments are well-done. Definitely more of a fluff read, so the 3 star, but still a fun light read.

Karen Waller says

Christian Love Story

Way too long and drawn out for me. It was an ok story. If you like football you might like it better.

JaneReads says

The characters really came alive in this one and not only the two main characters, but also Haven's family. Haven is career focused and a little naïve when it comes to guys. Brody is a football player who has dated his share of girls. However once these two meet the past no longer matters, they only have eyes for each other and balance each other out well. Haven's family, especially Hale, was a great addition the story. I loved how they influenced, pushed and supported not only Haven, but Brody as well. Brody and Haven both have plans for their lives but are they willing to be open to change? I got really worried near the end, but thankfully the

story takes a positive turn and I enjoyed the way it ended. I would love to have a follow up book featuring Haven's brothers.

Judy Esposito says

A Sweet and Clean Romance!

A sweet and clean romance is what I expect when I pick up a book by Shanna Hatfield and I was not disappointed in this one. I loved Brody and Haven and reading their story and their trying to reach a happy ever after. A wonderful cast of family and friends add to the story. No bad language but with a little sexual tension to keep it romantic and fun. Recommend! JudyE

Kayla Thomas says

This is Shanna's best book yet. Her characters are a little edgier, and the passion is closer to the surface. Loved Brody and Haven. Would love to see Haven's single brothers find their match.

james lee patty says

Love at the 20- Yard Line:(A Sweet Football Romance)

I like it. It sure keep me reading because I couldn't wait to find out what happened next. I didn't like that we didn't get to hear how Brody really did in the NFL and that we didn't get to hear more about the second half of their lives.

Jennifer Schultheis says

You don't have to be a football fan to enjoy LOVE AT THE 20-YARD LINE. I'm not a big sports fan, so when I know a book is centered on a sport, I automatically think the author is going to throw out terms that I don't know and I won't be able to follow the story. This doesn't happen in this book. Yes, football is important in this story, but the storyline was easy to follow and the author did a great job at keeping me interested.

Haven and Brody are not out there looking for love, but when they least expect it, it sneaks up on them. Brody is a football player whose mind is firmly on making the NFL and Haven is a consultant who gets roped into attending the football games for her job. Once Haven and Brody lock eyes, there is an immediate interest in each other.

I enjoyed the characters getting to know each other and eventually falling in love. This is a clean romance, so

there is no detailed descriptions of them being together, but this book doesn't need all that. Shanna Hatfield did a marvelous job at making me fall in love with her characters and I didn't feel as though I was missing anything.

I was a little worried how the characters were going to survive as a couple, but this author gave me a perfect ending. Overall, LOVE AT THE 20-YARD LINE is an enjoyable read that will keep you occupied for a couple hours. - See more at: <http://www.theromancereviews.com/view...>

Tracey Kern says

Love it

This is one of my favorite authors. She is so amazing at writing a great love story. All of her stories are wonderful. If you haven't read her you are missing out. Love her! ?

Aimee (Getting Your Read On) says

3.5, rounding up

This was a little side diversion for me this week. I'm ahead on my review reading so I've been catching up on some other books I've got stocked up on my Kindle.

This is an opposites attract kind of book. Easy reading. Not too much happening other than a growing relationship. LOTS of kissing. I actually thought things dragged a bit in the middle and the story either could have been shorter or something more could have been happening but still, this was a romantic diversion. The characters were easy to like and there was a good sense of family tucked within.

Content: kissing, innuendo

Julie Jobe says

Neither Haven or Brody are expecting what they find in each other. Their chemistry is palpable and takes both of them surprise. Watching them fall in love and work through the obstacles they face is both fun, and at times, bittersweet. Shanna knows how to draw you right into the romance her characters are experiencing and make you feel what they're feeling, both the good and the bad. And both the good and the bad lead you to the joyfully happy ending. I loved the epilogue! This book is definitely worth the read!

Robin Franks says

Awesome read

This is a clean, entertaining and heartwarming story about opposites attracting. It truly is a sweet football romance. Haven and Brody make an awesome couple. The relationship between Haven and her family is very true to life. The interactions between siblings remind me of my own family. When Brody really leaves it is heartbreaking. It is rare to find a story that shows real life situations. Great writing.

Lucia says

Love at the 20-Yard Line is a sweet, light hearted, standalone, clean sports romance with a HEA!

Love at the 20-Yard Line is my first book by Shanna Hatfield and I have to admit I thoroughly enjoyed it. This relatively light hearted romance has just enough tension to keep you addicted and turning the pages without knowing how things would end up between the two characters, Brody and Haven.

The writing has a serious yet light and witty style at times that fits well with the style of the book and no major grammatical/spelling errors. It is paced steadily that allows a good development of a relationship between Haven and Brody. There are no sexually explicit scenes, although there are adult undertones throughout but if you are looking for a steamy romance, this book is what I would deem a 'clean' romance.

Haven is fairly naive and innocent while Brody comes from a tougher background but these two contrasting characters fitted perfectly together. I loved the interaction and use of Haven's family not only with Haven but also with Brody. The use of dual points of views allowed the story to play out from both characters, adding more to the understanding of the readers about each character.

Overall, Love at the 20-Yard Line has a sweet HEA and epilogue and is the perfect book to pass a few hours, especially if you like sports romances as I do.

Marie Mckenney says

Loved this boo

True romance at its best. Brody and Haven have a wonderful connection from the beginning. He is a football player and she is a naive young lady. Their romance is suppose to only last during Arena football season. They have such fun together and the love they have is awesome. The emotions in this book are wonderful. When he decides to try to further his football career and move on the emotions really flow. Both are sad. Haven't family is so fun and all things they do together are awesome. Love t his book. Want to read more about this family.
