## From Reader Review Love's Legacy for online ebook

Onze contos de diversas escritoras sobre a mesma temática e interligados por um curioso livro. *"Legado de amor"* apresenta histórias passadas em épocas e lugares muito diferentes, trazendo algumas escritoras renomadas como **Mary Balogh, Janelle Taylor e Diana Palmer**.

O livro tem seus altos e baixos. Alguns contos são medianos, outros ruins e alguns realmente bons e divertidos. É uma garantia de leitura leve que serve para aqueles momentos nos quais você não quer pensar em nada importante, apenas descansar a cabeça. ;)

Meu conto favorito foi, sem dúvida, *"Kindred hearts"*, de *Lori Copeland*. Muito bem escrito, aborda alguns assuntos importantes da época em que se passa a história (década de 60) e é bem fofinho. <3

I'd give it a 5 star but I didn't really like ALL of the stories :)

Favorite one is Hidden Treasure by Penelope :3

Some of them are JUST TOO SHORT. But oh well... :)

Anthology - what can I say - more writers to read

4.7 stars.

OH MY GOD \*weeping with joy\* OMG OMG OMG. :) I loved this book so freaking much, I loved EVERYTHING about it! It was so sweet and cute and wonderful and... \*sigh\* God, I loved it. I loved the hero, with all his scars and his limp, and the heroine with all her sweetness and innocence. Oh Lord. I only wish that it had been longer!! It's exactly the kind of story I love. GOD DAMMIT I FUCKIN' LOVE DIANA PALMER.\*

Back to story, if I loved it so much, why did I give it 4 stars, you ask? Because it was so freakin' short. How I wish that it would have been longer, dammit!! :( Still. HOW I LOVED THIS BOOK.

\*Sorry for the swearing. But that's just how much I love this lady :')

very good book of short stories.

### **Amanda Sheila says**

Well, as much as I enjoyed it, this book's way too short. On my e-reader, they were like, what, 14 pages? Seriously?

But overall the story is good, it's very Diana Palmer. Could be a one hell of a book if only it's longer and with more details.

So, yeah.

### **Christina says**

Stories were too short and rushed. I just couldn't get into it.

OK if you can borrow it, but don't waste a cent.

### **Verity says**

JANELLE TAYLOR = WINDS OF CHANGE

### **Rachel Rogers says**

Read this many years ago and really enjoyed most of the stories. Keep wanting to find it and just last week learned the title. All the stories link the same book, a medieval romance (I think) and also link the transformative powers of both reading and love. Sounds trite but delightful on a winter afternoon.

I picked this one up, and realized that I had read it before. It was still as enjoyable the second time around! I love the concept of the heirloom book passed down from generation to generation, and I imagine that all the authors in this collection had fun coming up with stories based on the theme! I would recommend this as a book to take on vacation with you - super short, super sweet stories.

Eleven short romances. An heirloom book is passed down from generation to generation. It begins during the reign of King Edward III with the characters of Genevieve and Robert (Earl of Betancourt). The book gets passed down from Genevieve/Robert's decendent's – all the decendent's then add to the novel which spans a 400 year time span. I first read this novel from a library copy and loved it so much I had to order it from Amazon. Such good stories even though they were a bit too short but that is part of what makes the book so good & entertaining.
