Unfortunately, Nina is finding out that going to school on Earth is a lot more complicated than she first thought. Not everybody is glad to have a spunky (and cute) witch flitting about campus. A girl named Sayaka, for example, has recently become obsessed with Nina. A half-witch herself, Sayaka is jealous that her new classmate is stealing all the attention away from her. Like they say in the Magic Kingdom, "There's no fury like that of a teenage witch ignored!"

### **Ceejay says**

This excellent manga series continues in volume four! This volume centers primarily on one of the main characters who has a secret so big, that that character turns on the others! This series may be rated All Ages, but it is a delight to read. It's a story that is hard to be put down. It's a must read manga!

magic girl romance manga

### **Tülin says**

This is becoming 100% romance.

### **Sesana says**

An actual villain appears, in the form of a resentful girl who has her own issues with magic. Her reaction is a little more understandable when I remember how young she is (middle school), but she's still hard to take in the story. It was nice to see Nina apparently improving her abilities as a witch, though.

This was a great volume! Nina and Hiroki relationship is quite cute but what Nina will go through to be with him...

No spoilers...

This one is my favorite so far. I love the character development and the romance development.

Volume 4 of *Ultra Maniac* is a fun ride despite a few issues. One is how I'm a bit divided in my reaction to the heart-warming forgiveness the main characters show to Sayaka. The other is how Sayaka claims to be sincerely sorry but acts selfish and not sorry. It bugged me.

The manga volume ended with a fun manga short story that was a "travelogue" of the mangaka, and two of her friends (fellow mangaka, *I think*) on a vacation trip to Kenya. Fun stuff, though I am saddened when I think of how such kind and culturally significant folks are without a Savior. I pray for them daily.

[she's a witch, and she's the one sending Nina those nasty letters. Sayaka attacks Ayu in the gym one night; at the same time Hiroki and Nina realize who the stalker is]

So a lot of people liked the fact I was reading this book so I figured I should definitely review it so here we go. Also: IF YOU HAVE NOT READ THE FIRST 3 VOLUMES TURN BACK NOW!

What's it about?

Nina is a witch but only a few people know her secret but she's been getting mean letters from someone in the school who apparently knows her secret. Nina and the few who know her secret must find out who.

Pros:

The comic in general is a nice change of scenery. Most of what I read is really dark and f\*\*\*ed up and though I still like those kinds of comics and will probably still mostly read that kinda thing it is nice to find a good book that isn't as dark, gritty, violent, etc.

The art is freaking adorable! It's so fun and fits the series so well!

The characters are interesting.

The story is building up and, to be honest, I wasn't a fan of the story in volume one but kept reading the series because I still thought it was a really fun book, now the story's growing on me. I want to know what happens.

This is a really unpredictable series which is pleasantly surprising.

The humor is absolutely great! This might actually be the funniest volume so far.

Cons:

Not gonna lie, Sayaka is annoying the s\*\*\* out of me now.

The romance stuff is really not my kinda thing. I'm not sure if it's because I don't like romance in general or

if it's because of how young the characters are (making it slightly creepy IMO), it's probably a mix of both.

Overall:

I like this series. It's a fun but also unpredictable manga, I just have a few issues with it.

4/5

Two points shocked me about this digest: the first being how much I've forgotten about this story, considering I've read this 3 or 4 times through AND have watched the anime adaptation once through since its US publication 12 years ago (though the last time I've read/watched it must have been 6 to 8 years ago). The other was forgetting how meta the story had gotten in this issue, as the main characters break the fourth wall several times. There's no problem with this, though it felt out of place making those kind of references so late into the series multiple of times.

The drama that volume three set up now unravels in the subsequent novel. The twists and cliffhangers may come as a surprise to some readers, others might have correctly guessed what was coming. Either way, I can see just about everyone being entertained by the story's development.

As I will say again, this volume stays consistent with the rest of the series, earning a four-star rating. If there was anyone who wasn't into this series with the previous three volumes, I wouldn't think you'd be into it now, but it's worth a shot checking out if you were the least a bit interested. For those who have been into it since the beginning, I'm sure you would probably be compelled enough to finish the last volume.

**Jiyun says**

Nina changes from happy to sad. She has magic powers and lives on earth because she is kicked out of the magic kingdom. However, she finds out that she got selected to a advanced magic school and becomes sad and doesn't want to leave her friends. Then she tells her friend "But Nina doesn't want to leave her friends" (156). This shows that she will miss everyone and would have stay in the magic kingdom, until she

would graduate a few years later.
